Study of Soils In County To Be Made Soon

A soil survey is to begin soon in the Randall-Potter Soil Conservation District, according to Allen King, Area Soil Conservationist of Amarillo. The soil survey is an inventory of the farmer's land, and is the first thing that is done for the farmer after he becomes a cooperator with the local Soil Conservation District.

The survey gives the farmer an idea of the type of soil that he has on his farm and is an aid to the Soil Conservation Service technicians in planning a program for him.

This survey is a part of a national survey in which all soils of the United States are to be classified by name. A technician from the Texas State Soil Conservation office will make an inspection in the Randall-Potter Soil Conservation District soon. He will write a detailed description of all the major soils and these will be included in the national survey.

Boys Ranch Has 8 Boys From Randall County

There are now eight boys from Randall County who are in Boys Ranch, according to Judge Roy Joe Stevens. The number has run as high as 13 from Randall County.

The Commissioners Court forwarded a check for $1,000 to pay its part for the erection of a school building in this ranch in order that the boys might have the same opportunity for education as the boys in Canyon, or any other town in the state. All counties are building the school.

Peace officers of the Panhandle have taken as their project raising a sufficient amount of money to build this school building. Sheriff L. S. Johnston and State Deputy Game Warden Woody Pond appeared before the court and urged that the donation be made.

Total fishing receipts at Buffalo Lake last week which went to Boys Ranch amounted to $132.16. Local peace officers sponsored the move in order to help the boys at Tascosa build a new school building and vocational building. Largest carp caught was a seven pounder which measured 25½ inches long. This fish was caught by M. D. Maxwell and the largest number of carp for the day was caught by George Reeves of Boys Ranch. Peace officers extended special appreciation to all the business men who gave prizes and to Buffalo Lake concessionaire Roy Childers.

Boys Ranch is doing a notable job of saving boys in this area and law enforcement officers are strong for the institution. "There has never been a boy from the Ranch who has given peace officers the least trouble," was the evaluation placed upon the ranch.

Oklahoma Uni. President in W.T. Closing

Dr. George L. Cross, president of Oklahoma University, talked Sunday afternoon at the closing services of West Texas State College.

Degrees were awarded to 247 graduates of the College.

President James P. Cornette paid high tribute to Dr. Lee Johnson, who will close his work as head of the business administration department at the end of the summer session. He will have engaged in the teaching profession for 32 years.

Dr. Cornette likewise paid tribute to the long tenure of Newton Harrell who served for 12 years on the board of regents, and to the incoming regent, Henry Sears of Hereford, who is also a graduate of the college.

The Fieldhouse on the campus was practically filled when Dr. Cross started to speak. He used as his theme the Golden Rule, which he considers the greatest single utterance ever made for man's guidance.

Stork Specials

Born to Pfc. and Mrs. Norris Root a son on the 23rd of May at Fort Bliss where Pfc. Root is stationed. Gregory Eugene weighed 8 lbs. 9¾ oz.

Mrs. W. A. Warren and son, Bernard, are in Dallas this week on business.

Randall County Commissioners Raise Taxes on Farm Lands Under System

The Commissioners Court met Monday to discuss taxation and adopted a new plan for valuations on rural property in the county. This move followed a meeting of the Court when Amarillo citizens living in Randall county recently protested the taxable values of farm lands.

As a result of this protest Tax Collector Bill Money employed a number of men to make a survey of all lands and buildings in the county and from this survey values were set.

Other business transacted during the day was: Donation of $300 toward the Randall-Potter health survey; giving office space in the court house to County Auditor E. T. Cummings; granting permission to the Phillips Petroleum Co. to build a pipe line across the county.

Summer Term Opens Tuesday

Registration for the first six weeks term of the summer session at West Texas State College will come hard on the heels of the closing spring semester. Students enroll May 31.

Final examinations for regular session students end Thursday, allowing faculty and administrative offices only a week-end before new classes begin.

Students will enroll from 8 a.m. until 5 p.m. on Tuesday in the library. Classes begin at 7:30 a.m. on June 1.

Among special events for the first term are a three-week educational tour of Mexico and productions of the Summer Theatre. The tour of Mexico, sponsored by the Modern Languages department, is slated June 9-29, and is non-credit. First Summer Theatre production by the Palo Duro Players is tentatively scheduled June 7-9 in the Branding Iron Theatre. William A. Moore, associate professor of speech, will direct the first play.

Scheduled during the second term, July 12-Aug. 19, are week-end tours for special music and drama to Central City, Colo.; a 25-day educational tour of the West Coast and Canada, sponsored by the geography department; the third annual West Texas Music Camp, July 31-Aug. 12; third annual Reading Conference, July 25-28, sponsored by the WT education department and the Texas Association for the Improvement of Reading; special workshops in education and speech; and additional plays by the Summer Theatre.

Baylor Choir To Sing at Baptist Church

Baylor Religious Hour Choir from Baylor University at Waco will sing Sunday evening for the regular church service at the First Baptist Church at 8 o'clock.

This 40-voice choir is quite outstanding in its field. Every year, immediately following the school term, they make an extensive tour. Last year they spent a month singing in churches in Florida.

Sunday morning they will sing at the First Baptist Church in Wichita Falls. They will spend the night in Canyon Sunday night following their program here.

Harold Slack, son of Mr. and Mrs. Burney Slack, and Miss Bettie Jean Graham, daughter of Mr. and Mrs. Walter Graham, are members of the choir.

The public is extended a cordial invitation to attend this worship in song service.

Died While on Visit at the J. W. Byrd Home

Mrs. Abbie G. Stevens, 78, of Brooks, Maine, died suddenly at the J. W. Byrd home southeast of Canyon Monday morning. Mrs. Stevens and her sister, Mrs. Emma Woods, 91, had been on their 26th annual visit to California, and stopped off here to visit their old friends, Mr. and Mrs. Byrd. They had a younger woman with them as driver.

Mrs. Stevens complained of not feeling well Monday upon arising and went to lie down while the balance of the party ate breakfast. When Mrs. Woods went to their room her sister was dead.

Her son flew here from the government mint at San Francisco and a short funeral service was held Tuesday morning at the Griggs-Warren Chapel. Rev. Ellis Tyson of Colorado City and Rev. James Waldon of the non-denominational church, conducted the services.

Mrs. Woods and driver proceeded Tuesday morning to Maine, and the body was shipped yesterday for burial to their old home. The son had to fly back to his work in California.

Piano Students Of Mrs. Bright Hold Recitals

Piano students of Mrs. Houston Bright entertained their friends and families with three recital teas in the home of Mrs. Bright Thursday and Friday.

Junior high school members, Judith Wilson, Cathryn Ann Morris, Ann Jarrett, Ruth Francy of Happy, Margaret Juniper, Dorothy Higdon, and Suzanne Lemons entertained Thursday afternoon.

Thursday evening the following high school students entertained: Fanita Marshall, Louise Higdon, Dana Wilbanks, Mary Francy of Happy, Emma Coleman, Barbara Brown, and Virginia Leake.

Friday afternoon the grade school students, Reggie Reeves, Carol Brown, Davis Price, Bobby Haggard, Kay Jarnagin, Jan Rusk, Jane Jarrett, and Judy Roberts entertained.

Baby Buffalo at Park Creates Favorable Comment

A new baby Buffalo has been born to the couple at the Palo Duro State Park which is causing much favorable comment.

The Park now has three Buffalo in the herd, which was recently saved by feed bought through the generous support of a Fort Worth man.

First couple through West Texas State College's block-long academic processional Sunday were Dorothy S. Buswell, left, Amarillo, and Carl Ben Abercrombie, Stinnett. Both received Master of Arts degrees in commencement exercises, which were moved for the first time to the field house. They are marching through a double row of faculty, headed by Dr. George L. Cross, left, president of the University of Oklahoma, who made the main address, and WT President James P. Cornette, right.

Contest to Name Park Ends Soon

Roland Black, Chamber of Commerce manager, said that entries in the contest for naming the park are coming in slowly. He said one of the odd things about the entries received is that about 50% of them are from out-of-town. A greater response from the people in town was expected.

Deadline for the contest is May 31, less than a week away. The entry blank is the one in the ad concerning the park in the paper. Put your suggestion for a name for the park on it and send it to the Chamber of Commerce, Canyon.

First prize in the "Name the Park" contest is a $50 defense bond, second prize is a season pass to the swimming pool in the park, and third prize is a two month pass to the swimming pool. Several businessmen have been selected to judge the entries. Black said that in event of a tie the entry with the earliest postmark would be given the prize.

ASC Office To Move June 1st

Offices of W. H. Upchurch and his ASC crew will be moved about June 1st from the third floor of the court house to the new T. A. Black building, west of the old building which was formerly occupied by the First National Bank.

Gene McGlasson has his law office in the front part of the building, and will move at the same time that ASC takes over.

The rear of the building is a new construction, built especially to house ASC offices.

2.56 Inches of Rain During May

Rain in Canyon measured 2.56 inches since the first of the month.

Since the rain started to fall last Tuesday night, there has been 1.70 inches received in Canyon; and with .86 of an inch in seven showers during the first part of the month, the moisture received now measures 2.56 inches for May.

While the amount received locally does not compare with the amount received in some sections of the Panhandle, it is sufficient for present needs. More rain would be gratefully received.

So far as wheat is concerned, this crop has been completely written off on dry land planting this year.

Sheriff Johnston Joints Hunt Body

Equipment and boats were called for by the officers who were in charge of the hunt for the body of Bill Thomas of Plainview, who was drowned Sunday in Burson Lake near Silverton.

Sheriff L. S. Johnston borrowed a pair of heavy grappling hooks from Buffalo Lake and started to the Lake about 10 o'clock.

Amarillo officers and firemen joined in the search. Thomas was drowned in 60 feet of water and his body recovered at 11:10 Monday morning.

Carl Jones, Dumas, right, was the 1,000,000th person to visit the Panhandle-Plains Historical Museum on Sunday, and he and Mrs. Jones look over some of the gifts the museum awarded them. At left are C. Boone McClure, museum director, and T. G. Hull, Jr., president of the Canyon Chamber of Commerce, who were on hand to pick out the lucky visitor.

Will Move Student Center New Place

Work will start on moving the Church of Christ Student Center to a new location on 8th Avenue, next to the Dr. Jack Walker residence on June 1st.

A new Center is being constructed at the present location of the building which is now used as a Student Center. C. L. Kay is instructor of the church's work in the college. He will occupy the residence.

Bob Wear will arrive in Canyon June 1st to start his work as minister of the Church of Christ. He is minister of the church at Hereford.

Two Local Men To Get Doctors' Degree

According to information received by The Canyon News from the School of Medicine, University of Texas, at Galveston, two local men will receive their Doctor of Medicine degrees June 3rd and will be ready to enter internship before starting to practice.

These men are Jack Cooper and W. Mitchell Jones, Jr.

Dickerson Merits Bellah Award

Joe Dickerson, voted outstanding player of the year on the basketball squad, received the first annual Bellah award last Thursday, May 19, in the CHS awards assembly.

Bob Bellah, manager of Bellah Super Market, presented the large plaque, which will remain at CHS and will have Joe's name and the names of future winners engraved upon it.

Joe was elected unanimously by the squad as the most outstanding player of the year. Selected as a member of the All-District 1-AA squad of 1954-55, Joe has a record of 314 for all season and 205 or a 17-point average per game for district games.

Playing one year on the freshman and "B" squads, and two years on the varsity squad, Dickerson highlighted his high school career last Friday night, May 20, at the annual Futures-Exes match when he sank 36 points in the first three quarters and dropped a jump shot through the net in the last seven seconds to end the scrap, 59-58, favoring the Exes.

A member of the varsity tennis squad for three years, Joe has taken first and second place in district competition the last two years. Besides playing, Joe has also written sports for The Eagle's Tale last year while he was sports editor for the paper.

In the music field, Joe has played oboe in the Canyon band and has been treasurer and vice-president of the organization. Junior Red Cross representative, freshman class favorite, Smile King for 1954-55, and vice-president of the senior class are some of the elected positions Joe has held as well as being a member of the National Honor Society, junior and senior class plays, and the Science Club.

Joe has received scholarship offers at three junior colleges, San Angelo, Shriner Institute, and Claringdon, but has chosen West Texas State to further his education.

MARRIAGE LICENSES

Melvin Eli Smith to Miss Nancy Jean Walberg, May 19.

Billy Frank Henry to Miss Ruth Arlene Milom, May 20.

Mr. and Mrs. A. B. Russell have returned from Ferndale, Wash., where they have been visiting her brother, W. D. Boatman. Mr. Boatman is better after having had a second stroke.

1,000,000th Person Hits Gold Mine at Museum Sunday Afternoon 2:15

When Carl Jones of Dumas registered Sunday afternoon at the Panhandle-Plains Historical Society Museum, he created excitement of which he was not aware. He became the 1,000,000th person to visit the Museum since it was opened to the public in 1933.

Photographers, television men, reporters and staff members of the Museum surrounded Jones and his wife, who was registered as number one person in the race for the second millionth visitor.

The pair was taken in tow by C. B. McClure, curator, and T. G. Hull, Jr., president of the Canyon Chamber of Commerce, and shown throughout the building.

They were given many gifts as a present from the Society and the Chamber of Commerce.

This was the first time that either had visited the Museum.

McClure estimates that it will be about 15 years before the second million is passed in attendance. The attendance so far this year had been 28,230.

Tolliver Re-elected Head of Teachers

Dr. Crannell Tolliver, speech department head, has been re-elected president of the West Texas State College chapter of the College Classroom Teachers Association.

Dr. Ples Harper was re-elected vice-president, and Miss Jane Darland was chosen secretary. Dr. Emmitt Smith and Dr. M. R. Calliham were named to the executive committee.

As president of the local group, Dr. Tolliver is a member of the state policy committee and is now chairman of the state committee to rewrite the organization's constitution. At Thursday's meeting, the WT group wrote a letter of appreciation to Newton Harrell, Claude rancher, for his 12 years of service as a member of the Board of Regents of Texas State Teachers Colleges.

Savings Bonds Are Given a Boost

Don Standley was in charge of the program at the Rotary Club luncheon Tuesday. He showed a picture entitled "America the Beautiful." The film showed a succession of pictures of various points of interest in the United States which are visited annually by citizens. To assist all in visiting these places, the government sells Savings Bonds which pay a good rate of interest.

The bond committee in Randall county is composed of Clyde Warwick, L. W. Cole, Lee Johnson, Joe Gibson, and Delbert Lowes. Randall county was one of four in the area to exceed its quota in 1954.

Visitors were: Delbert Lowes and Pete Cowart of Canyon; E. Kancher, Forrest Barnes, Wayne Clark, J. J. Sanders, M. B. Edquest, Joe Rogers, Herbert Dowell, all of Amarillo.

Methodist To Hold Annual Conference

The annual conference of the Methodist Church will start Wednesday in Lubbock and continue until Sunday afternoon when the appointments for the coming year will be read.

Rev. Lester L. Hill left Tuesday for Lubbock to attend the meeting of the Board of Missions.

Dr. J. A. Hill will fill the pulpit next Sunday during the absence of the pastor.

Mrs. Grace E. Dunning of Knoxville, Tenn., is visiting her sister and family, Mr. and Mrs. Bob Clark.

Cornette Will Speak to City H. S. Graduates

The Canyon schools will close this week for the summer, having completed a most successful year's work under the direction of Supt. Joe Gibson.

Rev. Lester L. Hill preached to the graduates at the West Texas State auditorium Sunday night at 8:15 o'clock.

President James P. Cornette will deliver the commencement address to the graduates Thursday night at 8:15 o'clock at the W. T. auditorium.

Diplomas will be awarded to 64 seniors who are completing their work in the Canyon Schools.

May 30 To Be City's Holiday

Most of the business houses in Canyon will observe the annual holiday on May 30th.

It was decided two years ago to discontinue the practice of observing Armistice Day, but to close for Memorial Day.

So far no program has been set up for Memorial Day in Canyon.

District Judge Will Hold Court Here

District Judge E. E. Jordan will be in Canyon next Tuesday to continue holding district court. He will try a number of cases which are on the docket.

West Texas To Get Increase In Money Bill

A 17 per cent increase in state appropriations for West Texas State College was included in the biennial state budget reported by a House-Senate conference committee Tuesday.

Appropriations from state general revenue will total $900,101 for the year starting next Sept. 1, and $882,296 for the second year of the biennium. This compares with a state appropriation of $766,588 for the current year.

Appropriations for instructional and administrative purposes in all state colleges were based on a student enrollment formula. No general salary increases were provided.

The college president, along with presidents of other state teachers colleges, will receive a $2,000-a-year salary increase if the bill is approved, raising his pay to $12,000 a year.

Included in the total figure were appropriations of $46,800 the first year and $25,280 the second year for work on buildings and grounds.

The work approved for the first year would include: painting, brickwork and waterproofing of the Administration Building, conversion of Demonstration School space in the Education Building to classrooms and repairs to asphalt streets and curbs and gutters.

The work outlined for the second year would include conversion of old library space into classrooms and offices in the Administration Building, replacing wooden doors and frames in the Education Building, a new roof for the Education Building and repairs to the science and laboratory rooms in the Administration Building.

EDITORIAL COMMENTS

10th Anniversary of War Won By Fighting; Lost in Treaty

This is the anniversary of the war with Hitler's Germany we won only to lose it, in effect, to Russia.

The free world and its totalitarian ally, Russia, turned back the threat of the Nazi brand of statism. We and our democratic allies realized that the Nazi brand of the all-powerful state was an evil thing and that it not only was a threat to its smaller neighbors but also that its rapacity probably was unlimited. It had to be destroyed.

What too many of our leaders did not realize was that the Soviet variation of totalitarianism was as evil as the Nazi; also that its ambitions for conquest were as boundless and that in addition it would be driven inexorably to try to fasten its system on the entire world, to extinguish freedom everywhere, in order to safeguard its control over the peoples already enslaved.

And so our leaders adopted the inexcusable policy of "unconditional surrender," abandoned the principles of the Atlantic Charter, and gave needless concessions to Russia at Teheran and Yalta which resulted in the substitution of one totalitarian threat for another.

We won the fight on the battle field and tossed away the victory at the conference table.

The war with Nazi Germany, and the other war with Japan which ended victoriously a few months later, cost this nation more than 1,000,000 casualties, including 325,000 dead, and more than $330,000,000,000.

And its end found us confronted with another enemy as dangerous as the first.

No wonder "V-E Day" is not celebrated as is Armistice Day, signaling the end of World War I.

Senator Daniel Joins in Trying To Simplify Elections in USA

Senators Kefauver (D.-Tenn.) and Daniel (D.-Tex.) are sponsoring a constitutional amendment in Congress which would abolish the Electoral College. The amendment recently was approved by a Senate Judiciary subcommittee, of which Kefauver is the chairman.

The proposed amendment would abolish the Electoral College, as such, although it would retain the electoral votes of each state at present levels. The amendment is designed to make Presidential elections more representative of the will of the people and to prevent the election of a President, who does not receive a majority of the popular vote.

While some Americans do not realize that this is possible, several Presidents have been elected who received less votes than their opponents. Another evil of the electoral college system is that which results from the undue influence exerted by small pressure groups in some key states.

This means simply that candidates are prone to do almost anything to appease small pressure groups in any key state, on the basis that the small additional vote obtained would tip the scales of the popular vote in their favor. Under the present system, the candidate who receives the most popular votes receives all the electoral votes.

The bill sponsored by Kefauver and Daniel would split the electoral vote on the proportionate basis of the popular vote, thereby giving all the people a counting vote. Under the present system, all those who vote for the candidate who receives less popular votes than his opponent are wasting their votes since none of that state's electoral votes goes to the trailing candidate.

In its day, the Electoral College served a useful purpose, but there is no further justification for it, and there are many good reasons why our Presidents should be elected by a popular vote and not by an electoral vote system, which may not elect the man who receives the votes of the majority of Americans.

Building Boom Will Continue Says Economist Taking Look

The Federal Reserve Board recently reported more families plan to acquire new homes, or make improvements, this year, than in any past year. This report comes in a year when many experts had thought the end of the building boom might be seen.

However, as the result of the continuing boom in construction, and in plans of so many Americans to build, it is now estimated that a new high peak of $56,000,000,000 in construction might be reached this year.

In addition to home-building, outlays for plants, office buildings, schools and highways have been heavy and this construction is continuing to boom along with home construction.

Thus, it appears highly doubtful that 1955 will see the end of the building boom. It is possible 1955 will be a record construction year, exceeding the boom years of 1953 and 1954.

This continuing construction boom is one of the reasons for optimism in the economy. Coming at the same time of the automobile sales boom, it gives the economy a boost which will probably be felt throughout 1955. The general feeling in economic circles now is that, although the present business boom may taper off somewhat in the latter half of this year, business will be good throughout 1955, and well into 1956.

Canyon Swimmers Should Take Heed and Beware of the Water

As the swimming season is approaching, we remind readers that there are several rules which save lives at the beach or in other swimming areas each season. Follow them and lives lost annually in the Canyon area may be spared in 1955.

The best way to be alive at the end of the swimming season, if one is not an exceptional swimmer, is to adhere to the following rules:

1. Do not swim alone in deep or treacherous waters, or when help is not nearby for an emergency, even if you are a good swimmer.
2. Whenever possible, swim where lifeguards are on duty.
3. Do not swim immediately after eating, or when exhausted.
4. If you ride in boats, memorize a rescue procedure, and always carry with you a life-preserver-seat, or something to keep you afloat. Moreover, stay with your boat if it is upset, since it is easy to identify and will float when overturned.

There are many smart people but few students.

Drink More Wine and Help the Italians Pay War Foolishness

Premier Mario Scelba, of Italy, speaking on his recent trip to this country, suggested that Americans drink less water and more Italian wine. This suggestion came in a copy-righted interview with editors of the magazine U. S. News and World Report.

Scelba was asked if he was in agreement with the attitude of former French Premier Pierre Mendes-France, who had urged his fellow countrymen to drink more milk and less wine. Mendes-France recognized the threat of alcoholism to the greatness of France and fought it actively while Prime Minister.

Scelba, however, does not realize this danger, unfortunately, and, is expressive of the traditional European viewpoint on alcoholic beverages. Not only is this unfortunate for Italians, but it does not create a favorable impression in the United States.

Although we understand Mr. Scelba perfectly and realize that he is unaware of the advantages of our American customs over the French and Italian custom of wine-drinking at mealtime, we nevertheless appreciate his suggestion, which was based on the fact that the purchase of more Italian wine in America would raise the standard of living in Italy.

There are many ways the United States has, and will, better the standard of living in Italy. Although Italy was an enemy nation until 1943, during World War II, and although Mussolini was followed by a majority of Italians when he declared war on Britain and France in 1940, America has been most generous to Italy since 1943.

We have increased the Italian standard of living through the Marshall Plan, for which Mr. Scelba generously and humbly expressed his appreciation, and by other methods. This, we think, will be the nature of continued American aid to Italy.

We hope the youth of this country will continue to drink cola drinks, milk shakes and eat ice-cream sundaes, rather than adopt the European habit of drinking alcoholic beverages. Likewise, we believe the American people will continue to prefer water and milk to wine at mealtime. We hope so, anyway.

GOP Governor Declares That Washington Has Gone New Deal

Gov. Bracken Lee of Utah, speaking under the auspices of the Eighth District, American Legion Americanism Committee, voiced some sentiments which citizens all over the country will be hearing more about before the Republican national convention next year. Gov. Lee, who was a strong supporter of Sen. Robert Taft in 1952, is emerging as one of the top spokesmen of the Taft wing of the Republican party. His words carry weight with a broad section of the American public.

His views were forthright. He charged his own party, which he said he has no idea of bolting, with having failed to live up to its campaign pledges. He said the G.O.P. promised to get the government out of private enterprise, and hasn't. The party, he added, promised a balanced budget, and hasn't achieved it. In this respect, he advocated putting a limitation on taxes as the feasible way to stop excessive spending in Washington. He opposed a Big Four conference until the Chinese Communists release 500 Americans held captive in Red China, including military personnel who were captured while fighting for their country.

Gov. Lee undoubtedly was right when he said that millions of Americans, including many Democrats, voted for the Republican ticket because they wanted to preserve the great system of freedoms and constitutional government which prevailed prior to the advent of the New Deal.

If a platform were built around the views stated by Gov. Lee, it would win broad public support. There is much to be said for Gov. Lee's views that the Republican party will lose in 1956 if it does not follow a more conservative policy, rather than trying to out-New Deal the New Dealers.

This Is What We Get For the $25,000 Plus Salary Paid

It is understandable why important legislation has such a hard time getting consideration in Congress, when its members clutter up committee operations and the calendar with such silly measures as the one proposed by Sen. Richard Neuberger (D., Ore.), the running mate of another time-killer, Sen. Wayne Morse, Republican-Independent-Democrat of the same state.

Sen. Neuberger doesn't use make-up or prompting devices when he appears before his television fans. He thinks it is deceitful for a politician to do so. He wants Congress to forbid its members to use make-up or prompting devices when they appear on television to woo the voters.

There has been a lot of asinine legislation proposed in Congress, but it is doubtful if any tops the proposal of Sen. Neuberger.

It just isn't sporting of the senator, in the first place. Perhaps all of the other politicians aren't as photogenic or as oratorically proficient as the author-statesman from Oregon.

And this is what we, the taxpayers are spending $25,000 per year to get!

"Best Dressed" Foolishness Is Prong of French Fashions

Sophie Gimbel, a frequent selection as one of America's "best dressed women" says it is impossible for groups in New York or Paris, or anywhere else, to select the world's ten best dressed women.

That is what we have been saying all along. Texas-born Sophie says that nowadays the best dressed woman in America may be found in San Francisco, Dallas, or any other town. We are in complete agreement with this.

It has long struck us suspicious that the best dressed women, or those selected, were usually famous women and the favorites of those doing the selecting. The selections actually mean nothing, and the best dressed women in the country are probably those in places where they will never be recognized as such.

The best dressed hokum is similar to the hokum which comes out of Paris every year and is just about as sensible as some of the fashions which have come out of Paris in recent years. Most of the latest Paris silhouettes are not taken seriously by sensible American women.

Could it be that the American female is finally wising up to the foolishness which the world of designs has long perpetrated on them?

WHO? Knows

1. Where is the world's third largest steel arch bridge located?
2. How much did it cost to build?
3. How long is the Mediterranean Sea?
4. When one speaks of Honolulu, T. H., what do the initials T. H. stand for?
5. Where is the Eisenhower Museum located?
6. Where did the money come from to build it?
7. How many civilian criminals were executed last year?
8. What state led in executions?
9. What crime in the U. S. showed the largest increase in 1954?
10. Did the number of murders increase during 1954?

The Answers . . .

1. On the westernmost Japanese island of Kiushu, linking Nagasaki with Sasebo, and is 1,000 feet long.
2. $1.4 million.
3. From Gibraltar to Palestine, 2,100 miles.
4. Territory of Hawaii.
5. In Abilene, Kansas.
6. From contributions of more than 200,000 American tourists and travelers from over 90 foreign countries who visited the old Eisenhower home, a tourist mecca since 1947.
7. 82.
8. Georgia, with 12.
9. Burglary or house-breaking, 8.4 per cent increase.
10. Decreased; 4.2 murders per 100,000 population — the lowest murder rate for a 20-year period.

A man, though he be gray-haired, can always get a wife. But a woman's time is short. —Aristophanes.

Marriage is good for nothing but to make friends fall out. —Thomas Shadwell.

Never marry but for love, but see that thou lov'st what is lovely. —William Penn.

He who would marry is on the road to repentance. —Philemon.

Bible Verse to Study

"Therefore shall a man leave his father and his mother, and cleave unto his wifes and they shall be one flesh."

1. Where does this passage occur in the Bible?
2. To what couple does it refer?
3. In what place did they live?
4. What two names did this husband give his wife?

BIBLE VERSE ANSWERS:

1. Genesis 2:14.
2. Adam and Eve.
3. The Garden of Eden.
4. "Woman" (verse 23) and "Eve" (verse 29, chapter 3.)

Mont Blanc is the highest peak of the Alps.

Boston is the largest capital city in the United States.

Winner of FIRST PLACE in the Texas Press Association contest for column writing in 1952; second in the State in General Excellency.

MOVING DAY

More than 29,000,000 Americans changed their places of residence from April 1, 1953, to April 1, 1954, according to a Census Bureau estimate. While the shuffle involved 2,000,000 fewer changes than in the preceding year, the Western and North Central states gained while the South and Northwest lost.

MEMORIAL DAY

MAY 30, 1955

Three years had passed since the last shot had been fired. In the beginning it had not been easy for fighting men to learn again the ways of peace—to sleep without having an ear cocked for the crack of a picket's rifle, to get up by one's own will rather than at the call of drum or bugle, to work at a steady job instead of doing only what some officer ordered. For awhile even the beds had been too soft, and the food too rich for stomachs that had made their peace with hard-tack or grits and bacon.

But by the spring of 1868 most of the veterans, North and South, had taken up their old lives or made new ones. The war was fast slipping into the past, and men were coming to remember only its comradeships and victories, and to forget its horrors.

And perhaps to forget, too, the graves that marked every battlefield, even every hamlet. It was then that General John A. Logan, Commander-in-Chief of the Grand Army of the Republic, issued his celebrated general order designating May 30 as a day for strewing with flowers the graves of the men who had given their lives for their country. A few weeks later, solemn processions everywhere moved with slow step to the resting places of the dead.

Even before 1868 a number of Southern communities had decorated the graves of Confederate soldiers. As in the North, the custom spread and became permanent, although some Southern states still honor their dead on dates other than May 30.

While the war remained an unhealed wound, it was natural that the people of each section should glorify the valor of their armies at the same time that they did homage to the fallen. But with each year bitterness diminished, and ever-larger numbers saw that grief has no respect for geography. Thus Memorial Day came to embrace all Americans and the dead of all our country's wars.

We can do little more than set aside a day of recognition for those who never came back. But there are thousands who have come back—ill, maimed, burdened with hurts from which they will never recover. For these, the disabled, we can show that we mean our annual tribute. We can, if we will, make an effort to understand their problems, and offer them every opportunity to earn decent livings and lead normal lives. If we fail in this small obligation, we strip Memorial Day of its meaning.

Authority Urges Painting Now

COLLEGE STATION: If you want this year's paint job to turn out first-class, do it now.

The weather is relatively dry and temperatures moderate — optimum conditions for painting, says W. S. Allen, extension agricultural engineer.

The best paint in the world wouldn't stand up if applied in wet or damp weather, Allen says. In addition, sudden changes of temperature may cause new paint to wrinkle.

Don't paint when dust is in the air or flying insects numerous. Do as much of your job in the shade as possible. It's easier on the worker and the direct sun rays do not fall upon the newly applied coat.

The selection of paint probably is the main consideration. In humid warm areas, hard type paints stand up better. Softer base paints do better in dry climates. Your dealer can recommend the best type.

The next rules are simple, but important, Allen continues. Get the surface clean, dry and free of old-loose materials. Three or four light applications are much better than a single thick coat.

Finally, allow each new coat to dry thoroughly before the next is applied.

Rotation of Grazing Makes Pastures Last For Longer Period

COLLEGE STATION: Rotation grazing is essential to good pasture management.

"Cattle feeding continuously on a pasture can trample a lot of good grazing into the ground," E. M. Trew, extension pasture specialist, says. "Grazing efficiency studies show that often only 50 percent of the grazing produced is eaten by livestock.

Pasture rotation "rations out" the grazing and forces livestock to remove all the growth from a small area in a short time. Under rotation, plants may be grazed when most palatable and are given opportunity for regrowth and rest between grazings.

Since rotation grazing calls for cross-fencing, the use of inexpensive, portable electric fences is recommended.

Many stockmen who practice rotation will have more grass from now until about July 1 than they can use, Trew says. If the supply outstrips demand, bale or ensile the excess for feed insurance.

Mowing is important to proper pasture management for two reasons: to control weeds and to revert plants into new growth. Mowing during the growing season keeps plants in a vegetative, nutritious condition.

Other investments of time and labor which go into improved pastures are wasted, however, unless there is ample fertility in the soil. A soil test tells the right kind and amounts of fertilizer you need.

Animals grazing lush, fast growing pasture will need some dry hay, Trew adds. Many stockmen meet this requirement by mowing several strips across their pastures. This way, cattle pick up the dry grass as needed.

The American flag can only be flown upside down as a signal of distress.

CONTRACTOR'S NOTICE OF COUNTY HIGHWAY CONSTRUCTION

Sealed bids addressed to Roy Joe Stevens, County Judge of Randall County, Canyon, Texas, will be received at the office of the County Judge and/or The Commissioners Court until 10:00 a.m., May 31st, 1955, for furnishing all plant, labor, material and equipment and performing all work required for the construction of 5.0 miles of Flexible Base and Asphalt Surface Treatment in Precinct No. 1 and 3.4 miles of Flexible Base and Asphalt Surface Treatment in Precinct No. 2. Bids shall be considered separately.

All proposals shall be accompanied by cashier's or certified check upon a national or state bank in the amount of 5% of the total maximum bid price price payable without recourse to The Commissioners Court of Randall County, Texas, or a bid bond in the same amount from a reliable surety company, as a guarantee that bidder will enter into a contract and execute performance bond within ten (10) days after notice of award of contract to him. The notice of award of contract shall be given by the Owner within ten (10) days following the opening of bids.

The successful bidder must furnish performance bond upon the form provided in the amount of 100% of the contract price from an approved surety company holding a permit from the State of Texas to act as surety.

The right is reserved, as the interest of the Owner may require, to reject any and all bids, and to waive any informality in bids received.

Plans, specifications and bidding documents may be secured from the office of Harvey W. Schmidt, Consulting Engineer, 221 Paramount Bldg., Amarillo, Texas.

The minimum wages to be paid on the work included in the proposal shall not be less than the minimum wages required by the Texas Highway Department for similar work.

Bidders shall inspect the site of the work and fully inform themselves as to all conditions and matters which can in any way affect the work or the cost's thereof.

BID NO. 2

Two (2) Standard upright typewriters

BID NO. 3

One 2-Ton Truck with not less than 825 x 20 tires

Specifications can be obtained at the County Judge's Office in the Courthouse.

For being the 1,000,000th visitor to the Panhandle-Plains Historical Museum, Carl Jones, Dumas, right, was given a royal welcome Sunday. C. Boone McClure, left, director of the museum, show Mr. and Mrs. Jones some of the gifts the couple received. T. G. Hull, Jr., president of the Canyon Chamber of Commerce, and McClure stood by the doors Sunday and counted to 50, the necessary number to reach one million. They welcomed the couple and showed them special attention.

Umbarger News

Mr. and Mrs. Gehard Vering and family were dinner guests in the home of Mr. and Mrs. Ben Buecker.

Mr. and Mrs. Albert Fischbacher and family were dinner guests in the Henry Brorman home.

Mr. and Mrs. L. L. Raef and family and Mr. and Mrs. George Myers were dinner guests in the home of Mr. and Mrs. Ed Sharp of Wildorado.

Mr. and Mrs. Roscoe Richardson and family were dinner guests in the Mat Albracht home.

Mr. and Mrs. Raymond Batenhorst, Mr. and Mrs. John G. Batenhorst visited Mr. and Mrs. Henry Batenhorst in Vega.

Mrs. Maria Frische and her daughter, Rosalie, left Sunday night from the Amarillo airport for Germany, where they are to spend the summer visiting relatives and friends.

The Umbarger Blue Sox were defeated Sunday afternoon on the local diamond by Bovina's baseball team. The score was 6-5.

Hold First C-C Bi-Weekly Coffee Session Tuesday

The first "coffee session" for businessmen and members of the Chamber of Commerce was held Tuesday morning at the American Legion Hall at 10 o'clock. According to Truett Hull, Chamber of Commerce president, the first session was spent discussing Canyon and its effectiveness as a business spot in the commercial area. It was pointed out that this is a timely and important topic since the recent developments in the building trend and present real estate proposals.

Although it was the first coffee session, there will be others in the future. They are scheduled to occur every-other Tuesday, making them two weeks apart. This regular bi-weekly affair is to be conducted between 10 and 10:30 a. m.

Hull said anyone interested in attending these bi-weekly sessions for coffee and doughnuts was certainly encouraged to do so. A warm invitation was also extended by Roland Black, manager of the Chamber of Commerce.

Next coffee and doughnut session is planned for the morning of June 7. Anyone who has some ideas about the future course Canyon should take in building or developing is certainly welcome to be present. The time is 10 to 10:30 and the place is the American Legion Hall, one block north of the square on 16th Street.

SCOUT TROOP 66 HOLDS MEETING

Boy Scouts of Troop 66 held their regular meeting Monday, May 23, at the Christian Church. After they went to patrol corners for the collection of dues, Bill Dreiss, leader of the Pioneer patrol, demonstrated map signs.

Summer camp at Don Harrington was discussed. Troop 66 will attend the first camp period which is June 5-11. Dr. Charles R. Nester gave the Scouts their physical examinations which were greatly appreciated.

Bill Cornette, patrol leader for the Blackhawks, was in charge of the games. The Scouts formed the Closing Circle and a new Scout was introduced. He is Jimmy Killingsworth.

Mrs. R. D. Lowry spent last week-end in Borger visiting in the home of her niece, Mr. and Mrs. Carroll Oden, who was having a get-together of some of her family. Those who attended were Mr. and Mrs. Glen Phillips of Darrouzett, Mr. and Mrs. Jim Frances of Clinton, Okla., and Mr. and Mrs. Allen Qualls of Borger.

Buy, Build, Live in Canyon!

Discuss Tornado Alerts at Civil Defense Meeting

Bill Sternenberg, head of the Civil Defense organization in Canyon, held a meeting of the members of the organization last night at 7:30 in the fire station. The meeting was for the purpose of getting things better organized in event of a tornado. Last week law enforcement agencies over the Panhandle trailed and reported on a couple of tornadoes. This is the kind of action the Civil Defense organization hopes to continue throughout the tornado season.

Sheriff L. S. Johnston was present for the meeting, and he explained that his office would welcome calls concerning tornadoes. The information he needs is the location of the tornado and direction in which it is traveling. Johnston said the most important part of the information was the location of the tornado. He also stated that the National Guard was alerted and would be prepared to help out in case of a tornado.

Last night it was decided that the tornado alert would be 12 blasts on the fire siren at the fire station. Then if there are six additional blasts soon after these 12, it will mean that the danger is increasing and more care should be taken in taking cover. The all-clear sign is given when the tornado is over and the public can tell pretty well when the twister is gone. If the storm has been so bad that an all-clear signal is needed, there will be a sound truck to do the job.

Births

Born to Mr. and Mrs. Lawrence Hunnicutt of Canyon a boy, May 19.

To Mr. and Mrs. Hollis Ingram of Hart, a boy was born May 20.

Mr. and Mrs. Byron Brown of Amarillo are the parents of a girl born May 22.

For Mr. and Mrs. Dean White of Hereford it's a boy, born May 22.

Mr. and Mrs. Jerri Inman became the parents of a boy May 23.

AMITY CLUB MEETS

The Amity Club met on Friday afternoon in the home of Mrs. Terry to be opened in regular form with Mrs. W. T. Davis, club president, presiding.

Roll call was answered with something remembered about Mother. As there was no business the club went into the social hour. Mrs. Terry reviewed the life of Grace Noll Crowell.

Lovely refreshments of cake and hot spiced tea or coffee were served to Mesdames Davis, Cox, Dowd, Wester, Long and Danner by the hostesses, Mesdames Terry, Cone and Fain.

Next meeting will be June 24th with the place to be announced later.

Mrs. Lillian Jackson and children of Kim, Colo., visited over the week-end in the home of her parents, Mr. and Mrs. Muncy Seay, and with Mrs. R. D. Lowry Monday afternoon.

WESTSIDE H. D. CLUB REPORTS TWO MEETINGS IN MONTH

Mrs. E. T. Zachry was hostess to the Westside Home Demonstration Club on Wednesday, May 4, with 11 members present and Mrs. Frank Mullican of Hereford, Mrs. Vera Boydston and Mrs. Dorothy West as visitors.

Mrs. Lewis Harvey presided at the meeting. Mrs. T. J. Myers gave the council report. Mrs. E. T. Zachry, secretary, reported having sent a package of garments made by the members to Girlstown, USA, at Whiteface.

A program on early days in Texas was held after which a tasty refreshment plate was served by the hostess.

On May 18th Mrs. E. W. Bourn was hostess to the club with Mrs. Frank Mullican of Hereford and Mrs. Maggie Burrus as special guests.

A short business meeting was held; then Mrs. T. J. Myers conducted a recreation period. The nice rainy afternoon was enjoyed by everyone.

Refreshments of lemonade, ice cream, and banana cake were served by the hostess.

Mrs. B. A. Burrus will be hostess on Wednesday, June 1.

PRESBYTERIAN AUXILIARY MEETS WITH MRS. CASH

The Woman's Auxiliary of the Presbyterian Church met Tuesday, May 24, with Mrs. Harvey Cash. Miss Darthula Walker presided at the meeting and the opening prayer was given by Mrs. Ed Harrell. Mrs. Winston Wilbanks gave the Bible study on the 7th chapter of Hebrews.

"Mission Study of Churches and Their Growth in India, Pakistan, and Ceylon" was given by Miss Walker. The meeting was closed with The Lord's Prayer. Refreshments were served to 12 members. The next meeting will be held in the home of Mrs. Winston Wilbanks on the last Tuesday of June.

Mr. and Mrs. A. Frank Wilson of Hollis, Okla., and Mrs. Opal Aday visited with Mrs. R. D. Lowry Sunday evening after W. T. S. commencement exercises.

Mrs. H. D. Thompson and Miss Avis Thompson, old-time friends of Mrs. R. D. Lowry, spent Tuesday afternoon with Mrs. Lowry.

Revised editions of the Holy Bible, leather binding, $10; cloth binding, $6; at Warwicks. tf

CARD OF THANKS

By
BOYCE HOUSE

The most memorable sight on my Florida visit last year was the Spanish fort in St. Augustine, oldest city in the United States. Construction of the grim, gray fortress began in 1672. A moat surrounds the stronghold and there is a drawbridge, like a castle in the Middle Ages—in fact, it is called Castillo de San Marcos. Walls, made of shell-rock blocks, are from nine to 16 feet thick. There is a 100-foot square in the middle.

First, France and then England disputed with Spain for Florida. At the time of the American Revolution, England held Florida and two, perhaps three, signers of the Declaration of Independence were held prisiner in the fort.

After the United States acquired Florida, Fort Marion (the fort was re-named in honor of Francis Marion) was used as a prison. The famous Indian chief, Osceola, was a captive. The cell from which another Indian chief escaped is pointed out. The cell has a narrow window, high up the wall.

During the Civil War, a band of Geronimo's Apaches were held in the fort and, while the Spanish-American War was going on, court-martialed soldiers were imprisoned in the stern stronghold.

There is a dungeon. Another feature of special interest is the chapel. One room, never reached by direct rays of the sun, nevertheless has rich green vines growing on the barron wall, moisture seeping from the rock.

The fort has known Spaniards, Englishmen, bombardments and sieges. Though historic St. Augustine has a number of old buildings and a magnificent hotel, the most impressive sight is the frowning fortress.

What ever happened to the Iver Johnson pistol? When I was a boy, all the magazines carried an ad, with the slogan, "Hammer the hammer" and a picture of a carpenter's hammer hitting the pistol's hammer to demonstrate that it would not go off unless the trigger was pulled.

When Rocky Marciano writes his memoirs, wonder if he'll use the title, "My Scrap Book?"

Lucy Stoners are women who retain their maiden names after marriage.

YOUTHFULNESS

Dear reader, right thinking, right feeling, and right acting — honesty, purity, unselfishness — in youth tend to success, intellectuality, and happiness in manhood.

Youthfulness should be and can be, like the continuous flowering of a plant; but its blossoming is too oftn atrophied or stunted by faults of behavior which the like weeds growing over one's personality. —Gelett Burgess.

In this is Youth most wonderful: that it knows not fear. —Anonymous.

One thorn of experience is worth a whole wilderness of warning. —James Russell Lowell

You grow up the day you have your first real laugh — at yourself. —Ethel Barrymore.

No one should make a statement like "youth is the happiest time of life" without being prepared to accept its intellectual consequences. —William Lyon Phelps.

"UNDISCOVERED LEAKS"

President Eisenhower recently defended any refusal to "release anything that applies to secret war plans, war policies, war purposes and war equipment of this Government," declaring that he had been "plagued by inexplicable, undisclosed leaks."

BUSINESS SHRINKAGE

There were 4,182,000 business concerns in the nation at the beginning of 1955, according to the Census Department. This was a net decline of 3,000 during 1954, and was the first year in a decade in which the nation's business population had shrunk.

CANCER TOLL

During the period of the Korean War, in which 33,417 Americans were war casualties, 650,000 Americans in this country died of cancer.

Spain was once known as Iberia.

7:00 a.m. My daughter called me to ask if I would be home so the children could come for lunch. I said, naturally, I'd love to have them.

9:15 a.m. I called the grocer, as I do most mornings, to order food for the children's lunch. Wanted it delivered before noon.

12:15 p.m. My grandson called his mother from our house to tell her everything went fine at school and he had finished all his lunch.

3:30 p.m. My son-in-law called me to say he would be a little late in picking up the children on his way home from work.

4:30 p.m. I called a friend who had wanted my husband and me to come for the evening. I told her we would be a little late as we were keeping the children right up to dinnertime.

"TELEPHONE IS THE CENTER OF OUR FAMILY CIRCLE"

These are the words of Mrs. Colin Stewart, one of a group of Southwestern Bell customers who recently kept a day-to-day record of telephone calls made and received during one week.

Until she kept this record of calls, Mrs. Stewart says she never really realized how important a part the telephone plays in her family life.

You see, Mrs. Stewart's husband is retired now, and though they spend more time together, she still likes to keep in touch with all of her family—a daughter, son-in-law and four grandchildren.

Above are just a *few* of the telephone calls Mrs. Stewart listed during one day. They show why she says that the telephone is the center of her family circle.

The telephone in your home is only the beginning of the greater telephone convenience you may enjoy. For information on how you can have modern, *complete* home telephone service, please call the telephone business office.

Long distance is twice as fast when you call by number

Here's why PONTIAC WINS BUYERS FROM EVERY OTHER MAKE

It's a king-size luxury car—
Biggest at its price!

Pontiac is a big, roomy car. Here it is: A car with 122" or 124" wheelbase—longest in its price field, even longer than some models in the top price range—and with true big-car stability to match. Luxury is in key. For quality of fabrics, conveniences and appointments, Pontiac compares with the costliest cars.

It's a 200-horsepower performer—
Most powerful at its price!

As the only car with the Strato-Streak V-8, Pontiac has a big performance advantage. This newest and most efficient V-8 enables Pontiac to provide more power than any car has ever delivered at Pontiac's price—a full 200 horsepower with the four-barrel carburetor, an extra cost option; 180 H.P. is standard.

It's a future-fashioned beauty—
Most distinctive at any price!

Style-conscious motorists turn to Pontiac for true mode-of-tomorrow design, beautifully different from any other car on the road. Exclusive Vogue Two-Tone styling, Twin-Streaked hood and low, rakish lines give you a car that you know will remain a prideful possession for many years to come.

It's America's topmost value—
Greatest buy of any year!

Pontiac is selling at the fastest rate of all time for this simple reason: America agrees—when you can get the size, power, beauty and luxury you want at Pontiac's easy price, that's the place to put your money. Come in and get all the facts.

You can buy a big, 200-horsepower Strato-Streak V-8 Pontiac for less than many models of the lowest-priced cars and for much less than stripped economy models of higher-priced makes—none of which equal Pontiac in combined power, size and future-fashioned beauty.

CAN YOU SEE, STEER, STOP SAFELY? CHECK YOUR CAR—CHECK ACCIDENTS.

2. Nashua.
3. Archie Moore, retaining his light-heavy title.
4. Bobo Olsen.
5. Steve Gromek.

CITATION

THE STATE OF TEXAS:

TO THE UNKNOWN STOCKHOLDERS OF THE PALISADES CORPORATION:

You, and each of you, are hereby commanded to appear, by filing a written answer to plaintiff's petition, before the District Court of Randall County for the 47th Judicial District of Texas, to be held at the courthouse in the City of Canyon, Randall County, Texas, at or before 10 o'clock A.M. on the first Monday after the expiration of 42 days from the date of the issuance of this writ; that is to say, at or before 10 o'clock A.M. of Monday, the 27th day of June. A.D. 1955, and answer the petition of plaintiff, Anne Slade Kirkman, Individually and as Independent Executrix of the will of the estate of J. U. Kirkman, Deceased, in cause No. 2936, styled Anne Slade Kirkman, Individually and as Executrix vs The Unknown Stockholders of The Palisades Corporation, in which said suit Anne Slade Kirkman, a feme sole, Individually and as Independent Executrix of the will of the estate of J. U. Kirkman, Deceased, is plaintiff and the Unknown Stockholders of The Palisades Corporation, a corporation organized under the laws of the State of Texas, with its principal place of business in Amarillo, Potter County, Texas, which is now defunct, are defendants; which said petition was filed the 11th day of May, A.D. 1955, and the nature of said suit being as follows:

Plaintiff sues in trespass to try title to recover of the defendants the fee simple title to and possession of Lots No. 6 and 7 in Block No. 29 of "The Palisades," a Sub division of the South 560 acres of Section 11 and the North 80 acres of Section 22 in Block 6, I & GN Ry. Co. Survey, in Randall County, Texas, as shown by map of said Subdivision of record in the Deed Records of Randall County, Texas; plaintiff alleging that she and those whose title she holds have had peaceable and adverse possession of said premises, cultivating, using and enjoying same for a period of more than ten years prior to April 1, 1955, and prior to the commencement of the aforesaid suit.

Plaintiff prays judgment for the recovery of title to and possession of said premises, costs of suit and general relief.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Given under my hand and the seal of said Court, at office, in Canyon, Texas, this 11th day of May, A.D. 1955.

MAVIS HILL
Clerk, District Court, Randall County, Texas.

Issued this 11th day of May, A.D. 1955.

MAVIS HILL
Clerk of the District Court of Randall County for the 47th Judicial District of Texas.

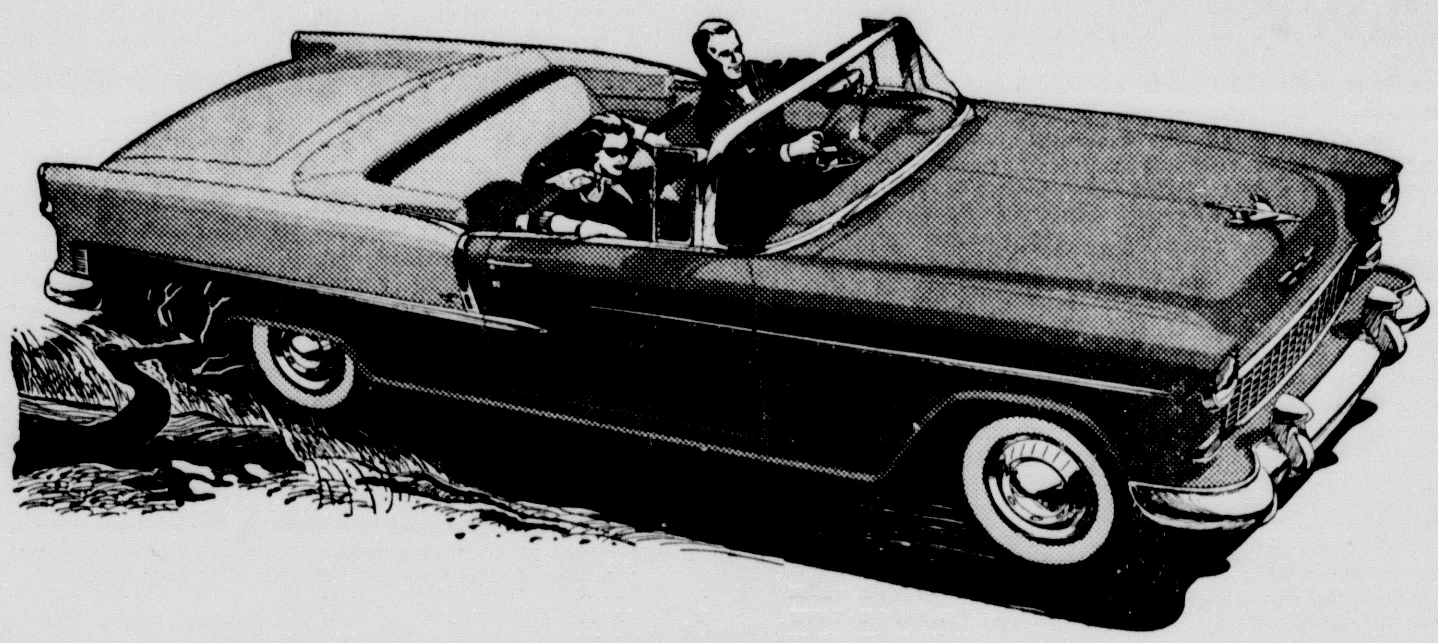
(SEAL) 5t4

G. I.'s GOOD RISKS

The Veterans Administration reports that, after ten years of borrowing money to start businesses, the G. I.'s of the nation are as competent in business as they were in service. American veterans have borrowed $600,000,000 to start or buy into businesses sisce 1945. More than $125,000,000 has already been paid and only 1,700 veterans have defaulted on loans averaging $823. The loss ratio of .0089 is lower than on non-veteran loans of the same type.

ROTC

This year's graduates of the Reserve Officer Training Corps have been notified that they may obtain deferment from the draft for two years. In the past ROTC graduates could obtain only a year's delay. The officers, however, must request the deferment, or they will be subject to service as usual.



Magnificently alive!

Alive in looks

Only car in its field with Body by Fisher

You can't get any more life in automobile styling than Chevrolet's "Body by Fisher." Those three words say all the nice, reassuring things you can say about automobile bodies. "Body by Fisher" is found in many of America's most luxurious cars.

Alive in power

A new V8 and two new Sixes reach new highs in horsepower and performance

You certainly want life in your engine. And with the choice of power-thrillers that Chevrolet offers you this year, you've got what it takes to carry you into a whole new world of motoring confidence and pleasure. How about trying the V8 soon?

Alive in features

Never found on a car of Chevrolet's price before

Anti-dive braking that means heads-up stopping. 12-volt electrical system delivers twice the punch. Ball-Race steering makes steering and parking easier. But try these things for yourself. Telephone or come in and let us arrange a demonstration soon.

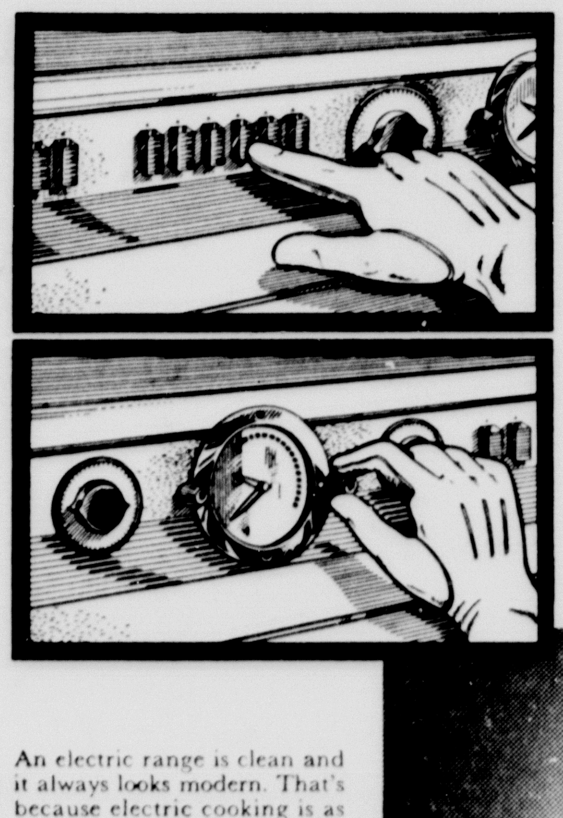
IMPERIAL CHEVROLET COMPANY



Enjoy "White Glove" Cooking

That's electric cooking, of course — the modern cooking method, the white glove cooking way. That's because electric cooking is so clean that you can actually take a clean, white glove and run it across the top of the electric element. Unlike the old-fashioned flame-type burners, electric elements collect no soot.

Then, too, electric cooking is electrically controlled for accuracy and dependability. Ever notice how engineers build things with electric controls when they're after modern, automatic control? So, it's obvious that for modern cooking it makes good sense to go all-electric. Get the range that cooks with and is controlled by electricity.

An electric range is clean and it always looks modern. That's because electric cooking is as clean as an electric light bulb. And, it looks modern because if it's electric it IS modern. See the beautiful, modern electric ranges on display at your Reddy Kilowatt Electric Appliance dealer's store. Ask for a free demonstration. Go modern . . and that's to go electric!

... of course, it's Electric!

SEE YOUR REDDY KILOWATT APPLIANCE DEALER

SOUTHWESTERN PUBLIC SERVICE COMPANY

Shivers Asks Citizens Slow Down Traffic

Governor Allan Shivers has joined with the governors of 47 other states, the Commonwealth of Puerto Rico and the Commissioners of the District of Columbia in declaring Memorial Day to Labor Day, 1955, as the period for a "Slow Down and Live" highway safety campaign. The objective of this nationwide program is to reduce death, injury and property damage on the streets and highways of the nation during the peak period of summer travel.

The "Slow Down and Live" program, sponsored by the National Conference of State Safety Coordinators, was introduced in the northeast in 1953, and in 1954, operating in 24 states from Maine to Texas, provided the first "across the Board" reduction in traffic casualties reported by any group of states since World War II. A total of 601 lives were saved in the 24-state area and noteworthy decreases were effected in personal injury and property damage accidents.

J. O. Musick, general manager of the Texas Safety Association and State Safety Coordinator for Texas, of the "Slow Down and Live" project, points out that "9,511 persons were killed on the highways of the nation between Memorial Day and Labor Day 1954. With the prediction that 50 million Americans will travel to vacation destinations by motor vehicle this year, we have a tremendous challenge to reduce the death and injury toll in summer driving."

"Slow Down and Live" concentrates on the violations associated with speed—the violations typical of the driver who is perpetually "in a hurry" and throws caution and courtesy in driving to the winds. According to Musick, "Slow Down and Live" is not a gigantic speed trap. Excessive speed, speed too fast for conditions, improper passing, following too closely and failing to yield right-of-way are the violations which constitute the largest single factor in traffic accident causation. We have a solemn obligation to protect those using the highways this summer for business and recreational purposes from the 'Hurry Bugs' who try to get there first and fastest."

W.T. Corps Will Have Master Sergeant Brown

A veteran of more than 19 years of Army service, M/Sgt. Davis A. Brown, who now lives in Pampa, has been assigned to duty with the West Texas State College Reserve Officers' Training Corps unit.

Because he will complete his 20 years of service at WT, Sgt. Brown will be on permanent duty with the college unit, according to Col. Raymond H. Lumry, professor of military science and tactics. With the completion of 20 years, enlisted men may "stabilize" in one assignment. Brown replaces Sgt. Clyde L. Wheeler who completes his two-year tour of duty at WT this summer.

Personnel for the unit is completed for next year, Col. Lumry said, except for one officer to replace Lt. Col. Edward Dreiss, who is on temporary assignment. Sgt. Herschell L. F. Stevens, only other enlisted man with two years service at WT, has received an extension of one year.

Sgt. Brown has just returned from France where he served for two years in a Communications Zone. He was discharged on his return, but re-enlisted for permanent duty at WT. His wife and three sons, Raymond, 15, David, 13, and Ronald, 10, remained in Pampa while he was overseas. They live at 1809 North Duncan, in Pampa.

The new ROTC instructor was in charge of the Army Recruiting Station in Pampa from 1947 until 1953, serving Gray, Wheeler, Hemphill, Hutchinson, Ochiltree and parts of Donley counties.

A native of Alabama, Sgt. Brown entered the Army in 1936. He has served with the Infantry School at Fort Benning, Ga., and was an instructor with the Army Specialized Training Program during the first years of World Warld II. He was with the 29th Infantry Division at Omaha Beachhead in Normandy in 1944, and he served in the European Theatre with the 2nd and 83rd Infantry Divisions.

Week-end visitors in the home of Mr. and Mrs. J. W. Thomas were Mr. and Mrs. J. C. Elliott and son, Eddie of Bomarton, Texas. Also visiting in the Thomas home Sunday were Mr. and Mrs. D. T. McGehee of Wayside, Mr. and Mrs. G. E. Thomas and Sherrie of Amarillo, Mrs. D. L. Slagle of Panhandle and Mr. and Mrs. Elon Hill and son Jimmy of Canyon.

Revised editions of the Holy Bible, leather binding, $10; cloth binding, $6; at Warwick's. tf

AAUW To Hold Supper Monday

A salad supper in the garden at the home of Miss Ruth Cross will be the first event in the final meeting of The American Association of University Women, next Monday evening, beginning at 7 o'clock. Mrs. Lowell Harrison, the president, states that each member is asked to bring a salad of any kind preferred.

After the food and social hour, members will learn what happened at the state convention, local chairmen will summarize their activities for the year, and a consideration of a change in the by-laws will finish off the business session.

Mrs. Harrison says it is important that there be a full attendance of the Branch membership.

CARDETTES MEET

The Cardettes met in the home of Mrs. Billye Sorgee on Thursday evening, May 12.

Games of canasta were played by the six that were present.

Refreshments of open-face sandwiches, salad and coffee were served by the hostess to Jane Harding, Joan Hicks, Bettie Davis, Faye Bosley, members, and Betty Faye Pettitt, a visitor.

Eugene Hill, who received his degree from WTSC this year, left Tuesday for Grand Canyon National Park where he will spend the summer working with the Forest Rangers and the Sunday School Council of United Churches. Eugene is the son of Mr. and Mrs. George Hill. His sister, Joyce Hill, is in Cuba and she called him Sunday morning from Cuba.

Mr. and Mrs. J. M. Hart of Gruver spent the week-end at the home of Mr. and Mrs. G. B. Combs, father of Mrs. Hart. Their son was one of the rodeo winners in the Amarillo performance.

Miss Moss Richardson had as her guest Mrs. David C. Chambers of Paris, Texas. Mrs. Chambers is the widow of Miss Richardson's sister's son.

Mrs. Jewel Tabor and Mrs. Gladdis Samples attended an office supplies sales meeting in Amarillo Thursday night at the Amarillo Club. The meeting was sponsored by Kerr Paper Company.

Mr. and Mrs. T. E. Allen of San Antonio are visiting in the home of her mother, Mrs. C. O. Cooper, and with other relatives and friends.

Paul Douglas, U. S. Senator from Illinois: "A quarter's worth of penicillin can cure a child of yaws."

Tommy Gooch To Graduate Friday

TOMMY GOOCH

Tommy Gooch, son of Mr. and Mrs. Tom C. Gooch of southwest of Canyon, will graduate from Baylor University, Waco, on May 27th. Tommy will receive a degree in Business Management.

Tommy has received many honors in Baylor. During this past year he was elected to membership in Who's Who in American Colleges and Universities; president of Baylor's Baptist Student Union and is currently president of Baylor Chamber of Commerce and president of the senior class.

Fairview Breezes

We have received something over five inches of rain since the first of May.

Mr. and Mrs. J. W. Wesley were shopping in Canyon Monday.

Mr. and Mrs. Richard Evans went to Adrian Monday to do some farming on their place there.

We wish to congratulate Winona Poston of Laramie, Wyoming, on honors received on her graduation from Laramie High School. She received a four-year scholarship to the University of Wyoming for her outstanding work. Winona is the daughter of the former Opal Sutton and granddaughter of Charles Sutton.

Charley Poston, son of Mr. and Mrs. Buster Poston, also received honors for the best speller in the eighth grade.

Mr. and Mrs. H. H. Shipman and Nan Earyle visited relatives in Lubbock Sunday.

La Quita Patterson is home between semesters at college in Canyon. She plans to attend classes this summer.

Bettie Patterson and Jerry Shipman have gone on the senior trip to Galveston, Houston, and Austin, and other places in the east and south with the senior class of Happy High School.

Mr. and Mrs. Walter Simon and children of Canyon visited Saturday evening in the J. W. Wesley home.

Mr. and Mrs. G. E. Wesley and Lavena Amerson, Mr. and Mrs. John Patterson, Mr. and Mrs. H. H. Shipman attended the graduation exercises in Happy Friday evening.

Mr. and Mrs. Woodrow Wesley went to Andrews one day the past week and met five of her sisters and brothers there. One sister came in from Portland, Oregon.

Mrs. Serena Bryan is at home now.

Mr. and Mrs. J. W. Wesley played "42" in the Frank Rogers home Friday evening.

We were glad to welcome two girl friends of Jane Collier and La Quita Patterson to church Sunday morning.

There was no church service Sunday evening as our pastor was to deliver the commencement sermon at Dimmitt that evening. He was pastor at Dimmitt for a number of years before moving to his present location.

Mr. and Mrs. Frank Rogers, Mr. and Mrs. G. E. Wesley and Lavena Amerson visited Sunday in the J. W. Wesley home.

Mr. and Mrs. Raford Shipman's children are all sick with colds.

Bowie Wesley and Gene Shipman were to attend a rodeo in Amarillo Sunday.

Mrs. Woodrow Wesley visited Saturday afternoon with Mrs. Serena Bryan.

Mrs. L. G. Airheart and girls and Mrs. Ella Hext visited Monday evening in the J. W. Wesley home.

Mr. and Mrs. E. M. Wilson and Darrel and Mrs. Charles Wilson and Vickie were in Happy and Tulia Friday.

Rodeo Will Show at Hereford Soon

The Inman-Hardaway Rodeo will give its first performance of the year in this section Friday and Saturday nights at Hereford. A number of Canyon people plan to attend.

The boys have 16 dates lined up for rodeo performances.

Mrs. Sandy Oliver is here this week visiting in the home of her parents, Mr. and Mrs. Frank Kimbrough. Lt. Oliver will be stationed at A&M College this year and Mrs. Oliver will leave Saturday for College Station to look for a house.

If you failed to receive our circular this week, please let us know so that we can put you on our new mailing list.

THE BUFFALO FOOD STORE

Mr. and Mrs. Millard Word of Clarendon were in Canyon Sunday to attend the commencement program at which their son, Millard, received his B.S. degree.

Mr. and Mrs. Henry Strickland, III, of Las Vegas, Nev., passing through Canyon, stopped for a short visit with Mrs. Ed Harrell on their way to Kissimmee, Fla., to visit his parents, Mr. and Mrs. Henry Strickland, Sr.

DEN 6 PACK 31 MEETS

Den 6 Pack 31 Cub Scouts met in regular meeting on May 23 to continue their study of forests. Plans for the summer were discussed. A trip was made through the lumber yards.

Seven members were present.

Mrs. David Chambers of Paris, Texas, has been spending last week with her aunt, Miss M. Moss Richardson, at Rest Cottage.

they fell in love...

...with the sweetheart of the low-price 3

Biggest of the low-price 3! Plymouth is much bigger than the "other 2" low-price cars. You get more beauty outside, more comfort inside, more trunk space, plus the only truly big car ride in the lowest-price field.

Most economical of the low-price 3! Plymouth's fast-stepping new 6-cylinder PowerFlow 117 is a joy to drive, and own. Its exclusive Chrome-Sealed Action locks in power to give you peak performance—for extra thousands of miles—at rock-bottom cost.

Greatest vision of the low-price 3! Plymouth's new Full-View windshield, with cornerposts swept back both top and bottom, gives you the widest vision of any low-price car.

Newest power features! Plymouth alone offers full-time Power Steering, and all the other energy-saving power assists, at low extra cost. And you get many features that other low-price cars don't have.

Drive this big beauty today!

Why pay up to $500 more for a car smaller than Plymouth?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that, model for model, Plymouth sells for much, much less, and gives you more car for your money!

Important Decision

On Thursday, May 26, the graduation night to which seniors have looked forward to will be here. As graduates march out of the auditorium in the recessional, each step will be significant of one goal achieved and a step forward in preparation for a life in which responsibilities will be greater and many decisions must be made alone. Many of these decisions will affect the nearness one reaches to success. Have you settled one important question? Have you included God in your plan of life?

Why include God?

First, having God enables one to get along with his fellowmen. Many times it has been expressed that the failure to get along with others means failure. A heart filled with hate, envy, avarice, and haughty pride cannot bring harmony with associates. God is love.

Second, God is power for hours of crisis, hours of emergency, and hours of need. Many instances in life the times will be trying to the endurance point. God takes a life and molds the character much as a diamond-cutter takes a crude, shapeless stone and by much grinding and polishing molds it into a gem of beauty. If you were to lose all you had worked for or even your family would your strength be enough or would you need God?

Third, having God enables us to keep our life windows clean. These windows are the attitudes by which we look out on life. Keeping these windows clean enables us to enjoy the beauty of life, to see the humor in life, which we need, and to see the opportunities for service and the needs of others.

Is God in your plan of life?

Spirituals Sung By Negro Troupe

A tremendous applause rocked the auditorium of the Canyon High School when the "Wings Over Jordan," a 14-member Negro choir, sang the dynamic spirituals of their race.

"Don't Stay Away Sinner," followed by a tenor solo of "Sweet Little Jesus Boy," spellbound the students. "I'm Seeking for a City," soprano solo, and the stirring spiritual, "Rocka My Soul," closed the performance.

"Wings Over Jordan" has entertained in combat zones, 21 foreign countries, the entire United States, and is at present touring on an interracial good-will tour. The company has been cited by a justice of the supreme court, the commanding officer of the 92nd Infantry Division, and other notable authorities.

Senior Class Enjoys Kid Day

Frilly dresses and short pants were the order of the day last Tuesday as Canyon High was invaded by youngsters for the annual Senior Kid Day. Teddy bears and all-day suckers were standard equipment for our kid-for-a-day seniors.

This day gives the dignified seniors a chance to let their hair down and have one last fling at being a kid before the more serious baccalaureate and commencement exercises proclaim them adults old enough and learned enough to face the world.

Miller Addresses NHS Members

The Canyon chapter of National Honor Society held its annual signing party in the cafeteria last Monday night. Newly elected probationary members were guests of the chapter.

Mr. James E. Miller, high school principal, presented the new members with their membership cards and told the probationary members a little about the Society.

Probationary members are Lynn Atkinson, George Alexander, Jackie Barnard, Charles Conatser, Theora Cosby, Annelle Dugan, Gerald Free, Jimmie Hales, Fanita Marshall, Sandra Michael, Theresa Mickey, Charles Neblett, Leo Rigsby, LaVerne Riley, Marcus Robinson, Brian Tolliver, Virginia Walker, Cecilia Waters, and Bernye Bob Woodward.

The Eagle's Tale

Published weekly during the school term by members of the journalism class of Canyon High School. Published by The Canyon News for Canyon High School since 1925. Member of the Panhandle High School Press Association, Interscholastic League Press Conference, and Quill and Scroll. Winner of the 1952 PHSPA Community Service Award.

To the Canyon High School Seniors of 1955-

Dear Class,

One of the greatest pleasures and honors I have had the past three years in Canyon High School has been to be one of your class sponsors. In this capacity, I feel that I have come to know each of you as friends. You have been a great class shown by your cooperation in our many activities and new heights attained as a class and as individuals. I am deeply grateful that you gave me the privilege of becoming a part of your class. I appreciate every helping hand, every courtesy shown, and every welcoming smile which you have sent my way during the years.

My deepest hope is that in my years of association with you, I may have helped each of you in some little way. My sincere wishes are that each of you develops understanding, love, and consideration for his fellowman, a desire to do what is right, a goal for success, and an appreciation for our many good things which are ours.

The last few days crowded with activities will soon bring your senior year to a close, and I shall be proud of you as you walk down the aisle to receive your diploma. With the desire to succeed in your heart may you face the world today unafraid and a future of rich satisfaction to each of you.

Best wishes always,
Waylon Carroll
Senior Class sponsor

Dear Friends:

It seems a very short two years since the day you sent Ken to my room to tell me you had drawn a circle which took me in. I recall with pleasure the warm welcome which you gave me as your sponsor, and I have loved the feeling of having a part in your achievements in the various phases of your school life. I believe we have learned to appreciate whatever is noble and loving in one another, and I hope we shall always keep our hearts young and our eyes open so that nothing which is worth our while shall escape us.

I deeply appreciate the cheerful cooperation you have always given your sponsors. Your happy smiles your sincere good wishes have often warmed my heart. For the many gifts and courtesies you have extended I am exceedingly grateful; and if sometimes I have spoken an ill-timed truth which has pierced and stung, I hope, at other times, I have had the good judgment to find a good word to pass along.

Graduation day will soon bring your Senior year to a close, and I, along with your other friends and relatives, will swell with pride when you cross the stage and receive your High School Diploma. A new phase of your life will then begin. Your strength of purpose, and your many fine qualities of character convince me that you can face the future with confidence. If you would gain life's highest objectives you will find it necessary to sacrifice yourselves to high ideals. May you regard this sacrifice in the true sense of citizenship a welcome duty.

The sparrow will find her house and the swallow a nest for herself; each of you will find your place in the world. In cottages as well as places made by fond hearts dedicated to the service of mankind. After all "he most lives who thinks most, feels the noblest and acts the best."

Best wishes for your future happiness.

Mrs. Dan Sanders
Senior Class sponsor

Seniors Complete Work at CHS

Seniors Surmount Four Years Work

The long awaited and desired hour will come into reality when seniors receive diplomas in the commencement program May 26 at 8:15 p. m. in the WTSC auditorium.

To present the diplomas will be Supt. Joe A. Gibson assisted by Mr. Newton Crain, president of the school board. The address will be delivered by Dr. James P. Cornette, president of West Texas State College. Principal J. E. Miller is to present the senior class and announce the individual honors.

In charge of the invocation will be Rev. J. E. Burkham, of the Calvary Baptist Church, and Rev. T. Winston Wilbanks, of the First Presbyterian Church, will close with the benediction.

At the piano playing the processional and recessional are to be Virginia Leake and Fanita Marshall. "In Modo Religiosio" is to be played by the brass ensemble which is composed of Bernye Bob Woodward, Brian Tolliver, David Miller, and Glenn Rusk.

A reception honoring the graduates will be held in the high school cafeteria immediately following commencement.

Addressing the baccalaureate sermon to the graduating seniors on May 22 was Rev. Lester L. Hill, pastor of the First Methodist Church. The service was also held at the WTSC auditorium at 8:15 p. m.

Rev. W. R. Matsler of the First Christian Church gave the invocation and following were two selections, "How Greatly Thou Are Glorified" and "I Believe," by the high school girls chorus with Miss Ada V. Clark directing.

Announcements were made by Supt. Joe A. Gibson. Rev. A. J. Pettit, pastor of the Assembly of God Church, delivered the benediction.

Providing the musical prelude, processional, and recessional was the high school orchestra under direction of Mr. Herman Demus.

Be proud of Canyon — Clean Up; Paint Up; Modernize!

Photographed immediately following the election are senior personalities chosen by the senior class on May 9. From left to right they are Dovie Keene, most athletic girl; R. A. Burgess, most athletic boy; Jo Beth Warren, most beautiful; Billy Partridge, most handsome; Ken Kuykendall, class prophet; Bettie Glanton, class historian; and Barry Clark, class poet. Don Ray, the most likely to succeed, is not pictured. The class historian's task is to keep in contact with members of the class for future reunions. The class prophet predicted the future for the '55 seniors while the class poet began a poem relating the senior trip experiences.

Annual Picnic Held by FTA

Tuesday, May 17, the FTA Club held its annual picnic supper at the home of Mrs. T. E. Beard, sponsor of the group. Emphasis was placed on the supper, and no program was prepared for the occasion. Twenty members of the club were present. Mrs. Cecil Simms, instructor of English, was a guest of the group.

Until this year the picnic had been held in Elwood Park, but circumstances prevented its being held there this year.

Speech Department Presents Comedy

"He Tried With His Boots On," a three-scene play, presented by the speech department at 8:10 a.m. in the high school auditorium featured Mr. and Mrs. Maxwell, Connie, and Betty Lou who were frantically worried because they had not seen Wilbur for 14 hours. "Shoot-a-Mile" Wilbur and "Droop Along" had been to an all night movie seeing it nine times and eating 20 bags of popcorn. After getting home at 1 a. m., Wilbur fell asleep with a horrifying dream.

Those in the cast were: Mr. Maxwell, Barry Clark; Mrs. Maxwell, Ina Jo Hughes; Wilbur, Larry Stroup; "Droop Along," Frank Kimbrough; Connie, Karen Crum; Betty Lou, Aralene Bagley; "Snake Eyes," J. R. Devin; "Black Cactus," George Alexander; bell hop, Avalon Brown; and "Sage Brush Sarah," Ina Jo Hughes. Sponsor of the speech department is Mr. Dwayne Brandt.

Senior Scientists Demonstrate Their Electric Coil

Senior scientists, Barry Clark and Jack McCormick, demonstrate the tesla coil that they have recently finished building. The coil is used in obtaining and demonstrating high voltage electricity. Work was begun on the coil last year and was completed and demonstrated to science classes earlier this month. Mrs. Findley, science instructor at high school, says of the project, "It represents a fine accomplishment and an original project." The boys assembled the coil in spare time at home and have given it to the school.

Students Elect SFC Members

Recently representatives and alternates for the Student Faculty Congress were elected for the fall term.

Representatives from the freshman class were: Roy Hunter, Rhett Plank, and Connie Wilkins. Alternates were Author Lee Pruett, Barbara Brown, and Rachel Smith.

Winnifred Fain, Virginia Walker, Betty Jane Brotherton, and Jimmie Craig were the representatives from the sophomore class. Alternates were Charles Conatser, Lynn Atkinson, and Gerald Free.

Representatives from the junior class were: Charlotte Crain, Ralph Miller, and Virginia Leake. Charles Brasher, Jerome Edwards, and Jearlyn Partridge were alternates.

YEARBOOKS ARRIVE-

The long awaited 1955 editions of "Soaring Wings" have arrived!

Members of the NHS received their yearbooks at the annual signing party held Monday night, May 16. Other students received their annuals on Tuesday.

The annuals are bound in white leather with a silver rub. The theme "leaves" is predominant throughout.

Nancy Adcock, yearbook editor, Mrs. Nora Gilmore, staff sponsor, and Miss Claudia instructor of art, worked with the annual staff and Art II class to bring this lasting memory of the year's activities to the students.

'55 Seniors Tour Scenic Colorado

On top of Pikes Peak
All covered with snow
The seniors of Canyon High School
To the scenic view did go.

Pikes Peak was one of the high points of the annual senior trip conducted throughout the week of May 11-15. The group journeyed up the mountain by cog train and returned by bus, or vice versa. Snow which still dotted the peaks created a very scenic view.

Central City was another attraction of the educational tour. Here the class saw the face on the bar floor, toured an abandoned gold mine, and visited an opera house.

Still another interest was the Colorado State Prison. The Canyon group consisting of 64 seniors, sponsors, and room parents toured the prison grounds with the assistance of two guards. In the process of the tour, the group saw the prison cell blocks, cafeteria, inside grounds, baseball field, and gift shop. At the gift shop the group was given the opportunity to purchase handiwork made by the prisoners in spare time.

The sparkling golden dome of the Colorado State Capitol lured the class within the capitol walls. The class had the opportunity of seeing the Colorado governor in person and they viewed the magnificent furnishings in the capitol. The walls were recently refinished for the first time since 1908 in shades of blue. Another portion of the walls is made of native Colorado stone. Also of interest was the spacious view covering a radius of 150 miles that one might see as he stepped out on the dome edge.

Traveling down the mountain side to the bottom of Royal Gorge was another exciting event. The cog train journeyed down a rail at a 40-degree angle. After returning to the top of Royal Gorge the group walked across the swaying bridge and viewed the flowing stream some hundreds of feet below.

Another attraction was the Cheyenne Mountain Zoo overlooking Colorado Springs. Tired and sleepy seniors were bounced out of half slumber by antics performed by the monkeys. Although the monkey house seemed to be the main attraction, other animals in the large zoo drew the attention of the visitors.

Other stops included: Seven Falls, Garden of the Gods, and the Museum of Natural Arts and History in Denver.

To climax a gala occasion, a banquet was held in a restaurant on the outskirts of Pueblo. The group enjoyed a delicious fried chicken supper.

Before returning home the group roamed through four states on chartered buses out of Lubbock.

Sponsors who accompanied the group were Mrs. Dan Sanders and Mr. Waylon Carroll. Room parents who also accompanied the class included: Mr. and Mrs. Clarence Adcock, Mr. and Mrs. H. R. Hungate, Mrs. J. O. Parker, Mr. E. M. Myers, Mrs. C. L. Joyner, and Mrs. Ray Burgess.

STUDENTS RECEIVE COKES

A cold coke quenched the thirst of the faculty and student body last Monday, May 16. The Coke party excused students from the last five minutes of school for a refreshing afternoon snack. For the last three years CHS students have received a coke treat from the Coca-Cola Company of Amarillo.

Buy, Build, Live in Canyon!

Award Assembly Honors Students

Over 80 awards and recognitions were made in the yearly awards assembly last Thursday morning, May 18.

Vocational agriculture: Arvle Marshall, Joe Carver, Jack Campbell, and Foster Parker.

Mathematics department: Jack McCormick, Betty Burrus, Barbara Brown, and Joe Bailey.

English: Bernye Woodward, Alice Brotherton, Barry Clark, Tom Wilbanks, Fanita Marshall, Bettie Glanton, Joy Rose, Ruby House, Theora Cosby, Virginia Leake, Virginia Walker, Emma Coleman, Christina Sikes, Mary Gladys Marshall, Barbara Brown.

General business: Bettie Glanton, Lucy Hollabaugh, Carol Holman, Diane Prichard, Melvin Cunningham, Ralph Miller, R. A. Burgess, Virginia Leake, Nancy Root, Barbara Bacon.

Spanish: Virginia Leake, Fanita Marshall.

Band: Norris Samuelson, David Miller, Maxine Greene, Bonnell Riley, Patricia Hardaway, LaVerne Riley, Brian Tolliver, Bernye Woodward, Glenn Rusk.

Choir and piano: Rita Jo Neal, Alice Simms, Theresa Mickey, Barbara Brown, Janet Taylor, Louise Higdon, Dana Wilbanks, Sue Hicks, Vonda Latham, Joy Gray, Debra McDonald, the third and fifth period choirs.

Art: Ray Green, Virginia Walker and Barbara Shepard.

Athletic department: Joe Dickerson and R. A. Burgess.

Annual: Nancy Adcock and Charlotte Crain.

Journalism: Dovie Keene, David Miller, and Jim Flynn including recognition of the staff.

Science: Barry Clark, David Miller, and Jon Cross.

Homemaking: Janis Wright, Nancy Kay Tomlinson, Diane Prichard, June Davis, Beverly Henson, Mary Gladys Marshall, Theresa Mickey, and Faye Lowrey.

Intramurals: sophomore class.

Mr. J. E. Miller, principal, presented Alice Brotherton the Daughters of the American Revolution award at the close of the assembly.

Juniors Selected For Boy's State

Ralph Miller and Edward Hinders, two outstanding juniors, have been chosen to represent CHS at Boy's State by a city committee composed of members representing the local American Legion and the Lions Club. Boy's State will be held at Austin during the week of June 5-11.

Boy's State is organized according to the regular plan of state government. The boys are assigned to specific political parties, cities, and counties, and have the privilege of electing their own representatives.

Ralph has been junior class favorite and sophomore class president. He was runner-up for SFC vice-president. His hobby is archery.

Edward was recently elected FFA secretary of Area 1, and he is local FFA reporter. Edward is applying for the Lone Star Farmer degree in FFA work. He plans to attend WTSC or Texas Tech after graduation.

Leaders Elected By Student Body

Mary Sue Bolton and Cecilia Waters are the newly elected cheer leaders. Mary Sue and Cecilia will lead the yells at pep rallies, football and basketball games along with Faye Lowrey and Jearlyn Partridge. Jearlyn and Faye were cheer leaders this year and will retain that position next year.

Nominee try-outs were Tuesday, May 10, at noon in the gym. At that time each girl led the student body in an "old school spirit" yell. The nominees were judged by a committee of three teachers, Mr. Sidney Burgess, Miss Mary Carter, and Coach Guy T. Harrison. Voting by the student body followed Wednesday, May 11, in the gym.

Other candidates were Annie Jean Howard and Sandra Michael.

To be a cheer leader is a high aim of many girls. Eligibility for that honor requires one to obtain a high rating in scholarship, leadership, and citizenship.

BAND PRESENTS CONCERT

The CHS band played a series of concerts last week for the WT Elementary and Canyon Elementary Schools. The talented organization presented various novelties, marches, and "long-haired" music on May 18 and 20 in the WT Elementary auditorium and in the Canyon Elementary gymnasium.

SENIORS HAVE LAST PARTY

A large green backyard and the delicious aroma of barbecued hamburgers set the mood for a senior party May 24 at the home of Mr. and Mrs. J. O. Parker. Senior parents were guests. The party was given by the senior room parents.

Around the Town . .

(By Mrs. Clyde W. Warwick)

While I was fixing breakfast this morning I noticed the dates I was cutting up to put in our oatmeal came from Iraq. It set me to thinking. Iraq is a kingdom of Southwest Asia on the Persian Gulf. It occupies the greater part of the ancient land of Mesopotamia, the plain between the Tigris and Euphrates rivers. The principal crops are wheat, barley and dates; about 350 different varieties of date palms are cultivated.

About 75 per cent of the population is Arab. From Canyon to Gagdad is approximately 7,000 miles.

The oatmeal was manufactured in Chicago, was probably raised in Minnesota.

The coffee we drank was packed in Kansas City or Houston. Most of the world's coffee—approximately 75%—is grown in Brazil, chiefly in the area around the city of Sao Paulo. Brazil has more than three billion coffee trees growing on four million acres of plantations. Brazil is the largest country in South America, and one of the most extensive political subdivisions. From Canyon to Brazil is 5,089 miles.

The cream we used came from Amarillo and was shipped in there from all over the Plains. The bottle it was in was made in Sapulpa, Okla.

The oranges came from California.

The sugar was refined in Sugar Land, Texas, and was shipped in there from Cuba which ranks second in the world in the production of sugar cane. Cuba is a republic and the largest island of the West Indies. It is situated south of the Florida peninsula.

I used salt in the oatmeal. It was refined and boxed in Chicago. In the United States, the salt industry has been concentrated near several deposits; the largest of these is in Michigan and others are in New York, Ohio, Kansas, California, Texas, Louisiana, West Virginia and Utah. The salt is iodized. Iodine in its crude form comes from Chile, a republic of South America, situated along the Pacific coast. Chile is longer in a north and south direction than any country in the world. Valpariso is its chief port and that is 5,634 miles from Canyon.

I cooked the oatmeal in a pan made in Riverside, Calif. Made the coffee in an electric percolator made in New Britain, Conn.

I cooked on an electric stove made in Louisville, Kentucky. Keep the cream fresh in an electric refrigerator made in Chicago and washed the dishes in a dishwasher made in Detroit, using a detergent made in St. Paul, Minn. We ate from dishes made in Staffordshire, England. London, England, is 4,443 miles from Canyon.

The table and chairs we used were made in Sheboygan Falls, Wis., and the silverware was made in Meridan, Conn.

The water we drank came from CANYON but, the glasses we drank it from were made in Cambridge, Ohio, and the lovely flowers on our table came from Levi Cole's garden. I arranged them in a bowl the late Jennie C. Ritchie had sent us from Japan.

Everything was bought from some merchant in CANYON.

Pretty small world, isn't it when a simple breakfast brings things from these distances? And yet I have heard ever since I came to Texas that you could build a fence around Texas and have everything you needed right in Texas.

I could not find the distances to these various points and called Miss Darthula Walker who found some of them and told me I could find them in "The World Almanac," and that is where all the distances used were found. Thank you, Miss Walker, and Miss Bertie Williams and Clarence Eugene Thompson for helping me.

J. P. Hammons is building a new house at 1102 8th Avenue. It is a cream colored clap board house with red brick trim, and a dark grey roof. It has a large combined kitchen and dining room with a half partition dividing them, a living room, three bedrooms, bath and a carport.

Mr. and Mrs. Hammons moved to Canyon in 1947 from San Jon, N. M., because their two daughters, Thelma and Flo, were attending West Texas State College at that time. Their son, Don, entered later and graduated from the college. The Hammons bought the home of the late Dr. and Mrs. Black when they moved to Canyon.

The Hammons have seven children and five grandchildren. Mrs. Hammons is visiting with her brothers and sisters in Berryville, Ark., at this time.

Mrs. H. G. Downing of Dallas has been visiting with her daughter and family, Mr. and Mrs. E. H. Lindsey. Mrs. Downing left Thursday morning and the Lindsey's eight year old son Barry went to Dallas with his grandmother for a short visit.

Mrs. C. B. Bayne, Sr., from Baytown has been visiting with her son and his family, Mr. and Mrs. Dudley C. Bayne, Jr. Mrs. Bayne, Sr., had intended to fly from here to California to visit but, because of the illness of her son-in-law will return to Baytown.

Mr. and Mrs. C. R. Burrow and Mrs. R. A. Neblett visited in Sterling, Colorado, with Mrs. Burrow's cousin, Mrs. S. M. Brightwell, and her daughter and husband, Mr. and Mrs. Dean Hand. Mrs. Brightwell has been seriously ill, but was better and able to be up in a wheel chair while they were there.

Mrs. S. H. Condron has returned from Lubbock where she visited her son and family, Mr. and Mrs. Stuart Condron. Stuart has moved to Waco where he will be program director for radio station WACO. Mrs. Condron and their five children will move to Waco May 27 when school is out. They will live in Waco at 2900 Waco Drive.

Automobile clubs give the following warning about driving now that vacation time is here. Watch out for "highway hypnosis" which is brought about by steady speeds on straight stretches of roads, lulling music on car radios, rhythmic pattern of lights at night, the quiet purr of an engine—all can have a faculty-deadening hypnotic effect. Preventive suggestions they offer: chew gum or nibble on candy; tune in speakers or commentators on the radio; stop regularly and walk about; vary speed about every quarter of an hour on long trips. This advice if followed might prevent many wrecks. I wonder why we have to be warned all the time not to kill ourselves.

"What one with perfect ease may do,
Impossible for you." —Old Mother Nature.

Dorcus Campbell, assistant vice-president of the New York City's East River Savings Bank says there are 19,000,000 women in the United States who are working outside their homes and that more married women are employed than single women.

She feels that this is partly due to the general increase in the standard of living and to the fact that thousands of women became accustomed to taking jobs during the war. They enjoyed them and also the money they made.

This is the time of year you should be drinking SASSAFRAS TEA. There was a time when every family took an annual dosage of sassafras tea as a "spring tonic."

You can buy it now in chipped form and it makes better tea.

Simmered long enough to bring out the flavor and then allowed to settle about a minute it produces a rose-colored brew that has a pleasing aroma, and is good.

An easy way to make a $50 U. S. Savings Bond right now is to think of a good name for Canyon's new municipal park. Send it to Roland Black, Chamber of Commerce manager, before May 31.

September is the only month of the year in which wheat is not harvested anywhere in the world.

The Lawrence Hunnicutt's have named their new son Lawrence Dewey Hunnicutt, Jr., and will call him Larry. Lawrence is mighty proud and stepping high these days. The Hunnicutts have a daughter, Phyllis, who is five years old and she is just as proud and happy as her parents, of her new brother.

Dr. Ples Harper's fence and the fence around the Burrow Lumber Company are beautiful with red climbing roses. And Dr. Leta Boswell's pansy bed is a lovely sight.

The Anderson Appliance Co. invited over 50 people to their place of business to watch a demonstration of Frigidaire stoves and refrigerators given by Mrs. Abbie Andrews of Fort Worth.

Mrs. Andrews had baked a ham before the guests arrived at 6:30 and in one hour and 15 minutes more served all the guests present a bountiful and delicious meal cooked on one stove. In this length of time she baked ham loaf, Spanish green beans, and two pies in the oven, taking them out, she broiled steak, putting french fried potatoes under the steak in the broiling pan and browned brown and serve rolls in the bottom of the oven while she broiled the steak.

On top of the stove she baked a chocolate cake with the chocolate frosting cooking with the cake, fried bacon, cooked Spanish rice, and frozen English peas using only two tablespoons of water. Her most surprising thing was frying shrimp and donuts in the deep well at the same time and in the same grease and using the same grease to continue frying donuts. The donuts did not taste of the shrimp or the shrimp of the donuts. For her donuts she used oven ready biscuits, cut a hole in them and shook them in a sack of granulated sugar and cinnamon after they were fried. They were good as was all of the food she prepared.

On Saturday afternoon, May 14, a group of interested people from the town and college met in the home of Miss Pauline Brigham to discuss with Mrs. Elizabeth Lovejoy, representative of Community Concerts, Inc., the possibility of forming a Community Concert Association in Canyon. The group was enthusiastic over the plan outlined by Mrs. Lovejoy, and the belief was expressed by all that the city and college working together could bring a fine concert series to Canyon; consequently, the Canyon Community Concert Association was formed and the following officers elected:

Mrs. R. A Neblett, president; Dr. A. K. Knott, first vice-president; Mrs. H. R. Fulton, Jr., secretary; and Rev. Winston Wilbanks, treasurer. Mrs. Neblett appointed the following officers: Milton Morris, second vice-president; Truett Hull, appointment chairman; Pauline Brigham, dinner chairman; Mrs. Clyde Warwick, publicity chairman; and M. J. Newman, concert chairman.

All of the officers will be members of the Board of Directors and Mrs. Ed Harrell, Mrs. Dudley Moore, Jr., Matilda Gaume, Joseph Findley, Mrs. Jack Taylor, Mrs. Bernard Warren, Mrs. Jack Haley, Dr. C. R. Nester, Mrs. D. C. Gamble, Clarence Thompson, and Dr. Jarrett.

Preparatory work for a one week membership campaign will start this summer. The citizens of Canyon and the student body of the college and high school will be given the opportunity to become members of the association.

"Give diligence to present thyself approved unto God, a workman that needeth not to be ashamed, handling aright the word of truth."—II Timothy 2:15.

SIXTH
DAIRY
JUDGING
STATE
F. F. A.
1955

The Canyon Future Farmer team tied for sixth place in the Dairy Cattle Judging division at the annual Future Farmers of America contest at Texas A&M Saturday, May 14.

Members of the team were Joe Carver, Garland Ruthart and Glenn Tucek. The team was under the direction of Waylon Carroll and T. L. Devin, teachers of vocational agriculture in the Canyon High School.

Other division team winners were dairy products, Pittsburg; meat, Lubbock; livestock, Stinnett; poultry, Cleburne.

Individual winner in the dairy cattle judging was Don Colby of Abilene; livestock judging, Dale Burnett, Sweetwater; meat, Jimmy Stewart, Llano; dairy products, Teddy Jackson, Decatur; poultry, Leon Eckhoff, San Saba.

Herds of Local Dairymen Rate Monthly Report

Last week when the Dairy Herd Improvement Association's news bulletin was released the herd of a local dairy farmer stood at the top for high herds in milk and butterfat production. It was the herd of Richmond Hales. Another local herd in the same category is Neil Downing.

In the class for ten high cows in butterfat production the herd of Louis Hinders was listed. Once more the herd of Richmond Hales showed up.

The Canyon locality had five cows listed in the section listing the ten high cows in milk production. Louis Hinders had two cows in this group; Neil Downing had two, and Richmond Hales had one. These same three dairymen had cows listed in the 70 pound and over class and in additiin to them there was the herd of the Haleswood Farms.

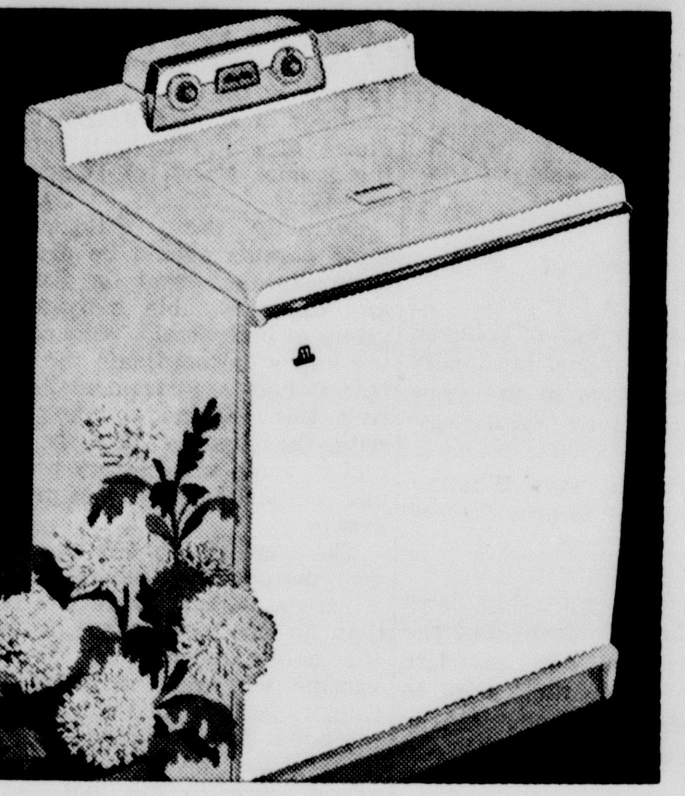
Hales, Hinders, Downing, and Haleswood Farms came in with cows in the 60 to 70 pound class. In the next class down were Haleswood Farms and Richmond Hales. In the 40 to 50 pound class the local herds represented were Richmond Hales, WTSC, Louis Hinders, Neil Downing, and Haleswood Farms.

The bulletin is published each month as an aid to dairy herd improvement. A breakdown of statistics is shown. It gives the name and milk and butterfat production of each cow of the dairy farmers in the association.

GROOM DEPARTS

Salem, Mass. — In asking for a divorce recently, Mrs. Antigoni Mousias, 38, of Manchester, N. H., said her new husband left during the wedding reception with the assertion that a wife "is too expensive."

Matthew B. Ridgway, U. S. Army Chief of Staff: "America must not be fixed and passive in its planning for security."



Only 2 More Days LEFT, So You Had Better Hurry If You Get in on Our Big Maytag Spring Party.

Did you know your old Washer will make the Down Payment on any Maytag WASHER or DRYER Maytag makes? And, besides, you get a Case of TIDE with each New Washer or Dryer you purchase the rest of the month. You better hurry if you haven't registered for our Big Drawing, Saturday, May 28. Cost nothing to Register. Free Balloons for the kids.

BEEF BRIEFS

Here's news for cattlemen!

You may be looking for a "meat type" steer in a few years. At least that's what an Oklahoma A&M animal husbandry expert believes.

Dr. James A. Whatley of the Stillwater school's animal husbandry department thinks that cattlemen may find themselves in the same boat with swine producers who are now concentrating on "meat type" hogs.

Emphasis in shows has been on too much fat, says Whatley. Consumers eventually will force the livestock producer to provide food markets with leaner meat for their tables.

The Texas Beef Council launched its summer membership drive this week with County and District meetings planned throughout the state. Its goal: 2,000 new producer members, 500 new associate members by June 30th. Local cattlemen have been called upon to spearhead the Council's efforts to double its present membership by meeting County quotas pre-determined by President Leo Welder and his executive committee.

All of Texas' 30,000 FFA boys aren't country boys. Many live in towns or cities, take part in agricultural programs just like their rural brothers.

An outstanding vocational agriculture department operates at the Luther Burbank Technical High School in San Antonio. There 193 boys, 90 per cent of whom live within the city limits of San Antonio, are studying practical farming methods. The school has its own farm of 50 acres adjoining the campus, has livestock, poultry and other facilities for the training of boys.

This year's Texas wheat crop, estimated at 11,000,000 bushels, will be the smallest in at least 30 years. It is well below last year's 30,894,000, which wasn't a big crop for the state.

Texas grain men, alarmed about the crop situation, think that the grain farmers will wind up this year in bad shape. It has been five years since the state made a genuinely good crop.

Look for the Texas Beef Council's new recipe folder featuring prize-winning entries in the recent "Texas Experts" Contest at your favorite restaurant or through your bank. The eight economy beef mealmakers are available upon request by writing the Texas Beef Council, P. O. Box 1291, Fort Worth.

Dr. Hugh Hammond Bennett, father of the nation's soil conservation movement, was a recent Texas visitor.

The conservationist, the first chief of the U. S. Soil Conservation Service, thinks that America should take note of the huge amount of good land which is being covered by new homes and plants every year.

He estimates that 10,000 acres a year are being sacrificed to real estate development. His suggestion for alleviation of the situation: Encourage location of housing and manufacturing developments on land which isn't too well suited for farming.

Young County ranchers believe in brush control.

County Agent R. O. Dunkle says that native grasslands treated to control brush are producing 25 per cent more grass per acre and 34 pounds more gain per steer than untreated pastures.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS OF THE 18TH CONGRESSIONAL DISTRICT

The Big Four Meetings

The general feeling around Washington concerning the anticipated Big Four meeting indicates high encouragement as to the possible results thereof. Frankly, I do not think that people should become too encouraged as to the possible results of a four-power meeting, because it is not difficult to permit your desires to get the best of you and sometimes expect more than will be forthcoming.

It is my opinion that a top level meeting between the four powers is a realistic approach to the solution of international problems and should have been held some time ago. It must be realized that the failure to have such a meeting was not our fault, but the fault of Russia.

Russia may have had good reasons for not wanting to meet, but in any event no meetings were held. Now that they are possible, it seems to me, as it does to a number of other individuals on Capitol Hill, that the situation should be faced with cold realism.

There is no reason why there cannot be a meeting of the minds among reasonable men that will prevent conflicts between man. It will certainly furnish a basis from which we can evaluate the burning question of whether or not Russian policy has changed.

Salk Vaccine

The Salk vaccine argument, of course, continues. We hope to have it settled in time to make the safe inoculation of many children in this nation possible before the polio season sets in.

The Interstate and Foreign Commerce Committee of the House, of which I am a member, is considering a bill that will implement the President's suggestion that this vaccine should be made available to all children regardless of their economic status. As I told you in a previous newsletter, the Congress has kept a vigilant eye on the distribution of this vaccine and will not tolerate the exploitation of the American people through such a medium.

Frankly, I had hoped that the entire program could be handled without the exercise of any jurisdiction over the subject matter by the Federal Government as such. However, the situations that have arisen have required that the Congress step into the picture and keep a tight rein on the handling of the program. It was recently pointed out by a member of the United States Senate that this Salk vaccine is the result of research paid for in a large degree by the dimes of children contributed in the annual March of Dimes campaigns.

Certainly these children and their parents should be protected from exploitation at the hands of any unconscionable individual or group of individuals. Our committee hopes to coordinate the forces that should be instrumental in getting this vaccine to the public with the greatest possible speed and to avoid unnecessary red tape and political backbiting of pressure groups.

The remark that Mrs. Hobby was charged with having made to a Senate Committee to the effect that no one could have foreseen the public demand for the Salk vaccine was most unfortunate. I cannot believe that Mrs. Hobby intended the meaning that has been placed on her remarks. It would seem to me that the remarks, whatever the exact words might have been, have been taken out of context and blown up completely out of proportion.

This is not a new practice in this country, but the fact that it has been employed before does not, in my opinion, detract from the unfairness of it. Neither does such a questionable practice add anything in accomplishing the result to be attained, towit, the early and full distribution of a medicine that may relieve great mental and physical suffering among mankind.

Wayside News

Rev. Luther Baker filled his regular appointment Sunday morning. Mrs. Baker accompanied him.

Commencement exercises for the graduating class of the Wayside High School were held Tuesday, May 17, at 8 o'clock at the Wayside Church. Rev. J. J. Allison of Claude gave the address. Judge Carl Wood of Claude presented the diplomas to Mary Von Scroggins and Jimmy Adams.

The Wayside school closed May 17 after a successful year of work.

Remember the annual Memorial Day services will be held May 30. Basket lunch at noon. Pioneer pictures will be on display. It will be appreciated if all who care to bring or send old pictures to be displayed please label all pictures plainly.

Mr. and Mrs. Henry Hamblen were Amarillo callers Thursday.

Mr. and Mrs. W. R. Franklin were dinner guests in the J. W. Morris home in Canyon last Sunday.

Mrs. Floyd Adams, Mrs. Leroy Roberts, and Mrs. C. D. Rogers attended club council Monday at Claude. Mrs. Rogers was elected one of the state delegates from Armstrong County.

Miss Lill met Tuesday and Wednesday with the club women at the church for the advanced sewing class.

No regular club meeting was held Thursday as originally scheduled with Mrs. Durwood Creek because of rain and muddy roads.

Mrs. Carmel Lee Spann, Deanna Carol and John Paul of Amarillo spent the week-end with Mrs. Viola Stockett.

Mrs. Bill Stockett was able to return home Wednesday after spending several days in the R. A. Hill clinic in Amarillo. She is much improved.

Mrs. Viola Stockett spent Sunday night last week with her parents, Mr. and Mrs. J. M. Malone in Amarillo.

Mrs. Melton McGehee attended the state judging contest at Fairview in Armstrong County Friday.

Mr. and Mrs. Joyce Lane and Joy and Mrs. Bessie Lane were guests last Sunday in the George Hancock home in Pampa. They celebrated Mrs. Lane's birthday. She remained for a visit.

The Clauda Cole family has moved to Canyon.

This community has had a total rainfall of 7.7 inches for the month of May thus far.

Frank L. Howley, Brig. Gen., former military governor of Berlin, referring to Chou's recent statement: "It's a sure sign he's got something up his sleeve. Either he's not ready to attack or he thinks he can get something by talk."

Joann Dodson Honored With Bridal Shower

Saturday afternoon the home of Mrs. Earline Moreman was the scene of a miscellaneous shower honoring Miss Joann Dodson, bride-elect of Arthur Seitz of Mobeetie. Miss Ruth Lowes was co-hostess.

The guests, who called between the hours of 3 and 5, were greeted by Mrs. Moreman and presented to the honoree, to her aunt, Mrs. E. L. Keene, and to Mrs. C. L. Seitz, mother of the bridegroom-elect.

Miss Dodson wore a wheat-colored afternoon frock with avocado accessories. Her corsage was of deep pink glamellias. Mrs. Keene and Mrs. Seitz wore glamellia corsages.

Miss Mary Frances Keene and Miss Dovie Keene, sister and cousin of the bride-elect, accented their frocks with pink carnation corsages. They secured names for the guest book. Mrs. Maggie Thompson and Mrs. Frank Totty, both of Mobeetie, assisted in the gift room.

Mrs. Ray McReynolds and Mrs. K. E. Frieze provided incidental piano music during the afternoon.

Refreshments of frosted lime sherbet, individual cake squares, and assorted nuts were served from a table centered with an arrangement of pastel daisies. Assisting in the dining room were Mrs. Wilma Rhodes, Mrs. Frances Willard of Farwell, Mrs. Virginia Cleveland of Amarillo, and Miss Cheri Fent of Olton.

Miss Dodson and Mr. Seitz will be married Thursday evening in Farwell.

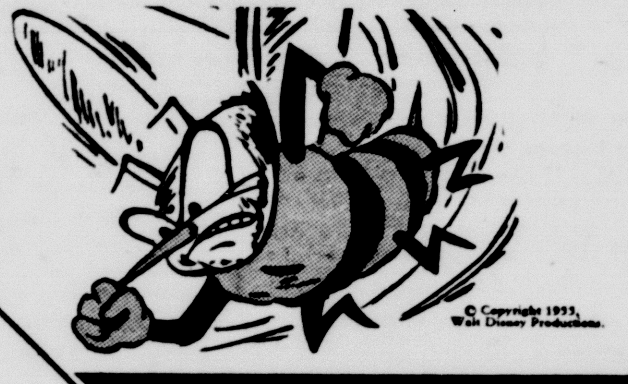
Be proud of Canyon — Clean Up; Paint Up; Modernize!

DEBS LOUDDER WINS HONORS

In the Field Day events at Moye Military School at Castroville, Debs Harris Loudder, son of Mr. and Mrs. Dick Loudder, won a silver medal in riflery and a letter in intermural baseball. He also received a citation in military drill.

The Dick Loudders attended the Field Day events and graduation exercises at Moye and Debs came home with them for the summer vacation.

Charles E. Wilson, Secretary of Defense: "The nation must always be alert in defending the principles on which it was founded."



DON'T BE A HURRY BUG!

SLOW DOWN and LIVE!

An Appeal for 101 Days of Safe Driving

During the summer months—from Memorial Day through Labor Day—highway traffic fatalities are high. So high that the Governors' Conference has endorsed a nation-wide safe driving program during the 101 days between the two holidays.

Only you, the motorist, can make this campaign a success . . . If you, and every other highway traveler, will resolve to drive at a safe speed, to follow the recommendations of Safety Associations for safe highway driving, literally hundreds of lives will be saved during this summer's travel. One of them may be your own.

Wherever you drive this summer, PLEASE DRIVE SAFELY

Safety Associations recommend that you follow these simple rules for a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.

HUMBLE OIL & REFINING COMPANY HUMBLE

Just Between You, Me . . . . . . and the Gatepost

By Lawrence Hunnicutt

Now that we've passed the monsoon season, things are apt to start growing like you never realized they could. As Dr. Charles Nester put it Saturday, "Things are sure going to start popping." It is true that everyone enjoyed the rain but it was sure nice to see the sunshine again. Which all goes to prove that, "If there's anything people dislike more than six months without rain, it's six days of rain."

If you've never seen a woman take a coffee cup and deliberately drop it on the floor, you've missed a very peculiar experience. This type of sudden shock came to us by way of Mrs. Lou Doyle. When she held it up and purposely dropped it our first feeling was one of total disbelief. As the cup tumbled over and over on its way to the floor, we could feel our mouth opening wider and wider. Then the expected tinkel of breaking china refused to come as the cup struck the floor. Instead of breaking into slivers, the cup tumbled about the floor like a miniature football. Oh yes, the cup was one of those extra thick plastic jobs.

One of the occasions in town last week, Tuesday evening to be exact, was the demonstration conducted at the Anderson Appliance Company. Everyone was enjoying the rain as they ate such things as ham, steak, shoe-string potatoes and coffee. One of the persons who attended the demonstration was G. W. Webb. When Mr. Webb left the party he carried a plate especially prepared for his wife by Mrs. Anderson. Mrs. Webb is an invalid and could not be present for the dinner.

Betty Hoffman had a report Saturday. It seems that hubby, James Hoffman to the more formal people, called her long distance last week. Betty is a good security risk, she would not tell where James was but she did venture that he was not in the states. Sure must be nice for a fellow to be considerate enough to telephone his wife from overseas.

VFW Commander Joe Batson was working last week to get things in order for the VFW Memorial Day program. After due deliberation he decided upon a brief program and breakfast. One of the main things this occasion does is to honor all the Gold Star Mothers in the vicinity. So if you know any Gold Star mother, be sure and tell her about the special Memorial Day program being conducted at 7 o'clock Monday morning at the VFW Club. They can even get up and come out before breakfast because a delicious breakfast meal will be served there at the clubhouse.

By this time a lot of people know more about the coffee sessions being conducted at American Legion Hall. These sessions are being conducted every-other Tuesday to sort of talk over our needs as a town. The first one was conducted yesterday and if Truett Hull, Chamber of Commerce president, has his way about it the coffe breaks will last a long, long time. He believes a lot of things can be accomplished by such meetings and we believe that he believes right.

Well, it won't be long now until Canyon will have a beautiful park with a large fan shaped swimming pool. One end of the pool will be shallow enough for children to wade in while the other will accommodate the swimmers.

Another nice thing about the park is the fact that the Memorial for World War II dead of Randall County will probably be dedicated at the same time. Jack Jennings, one of the most active persons in getting the money for the Memorial, said last week that he believed there was enough money to pay for the Memorial. At any rate the Memorial has already been ordered.

The recent rains we had will sure make the corn grow. But the rains have nothing to do with our corn, it's spontaneous.

Disgruntled prisoner: "The thing I want most out of this jail is me."

Everyone knows that women make more choices than men. Then why isn't the old saying turned around to read, "blondes prefer gentlemen?"

LIPSTICK LOGIC

BY LOUISE ALLEN

So now we've heard everything! Last week the newspapers reported that an otherwise penniless 22-year-old Yale student will be "permitted by law to turn down a $400,000 trust fund left him by his millionaire father."

Money has a way of doing strange things to people, but this is a new angle. We've seen it turn child against parent, brother against brother, an heiress against true love. We've seen it make widows suspicious of relatives and friends. People commit murder, sell their good names, betray loved ones for it. A few even settle down and work to get their hands on some.

And now here comes along this wacky individual to upset all the theories about what people will do for the stuff.

Just for fun, let's assume that the guy has normal intelligence, and that he's not a communist. What other reasons could prompt a person to refuse money honestly come by.

Was he in love with a beautiful girl, who, poor but proud, spurned him because of his wealth? Had some of his classmates made snide remarks about the 'filthy rich,' so that he wanted to prove he was above such material things? Was he afraid it would deprive him of ambition, that he would become a ne'er-do-well? Did he think he could build character by refusing such an easy way to luxury? Was it a way of expressing contempt or hatred for his father over an ancient grudge?

A dozen short stories could be written on why he might have done it, most of them full of adventure and romance. But getting back to cold, hard reality — whatever made him do a thing like that!

UMBARGER 4-H CLUB NEWS

The Umbarger 4-H Club held its monthly meeting on Tuesday, May 17, in the school gym with Evelyn Hoffman presiding. Mary Buecker lead the song. Sylvia Raef read the minutes, called the roll; then the meeting was turned to Mrs. Hoffman, adult leader.

Plans were discussed for Betty Friemel, Mary Buecker, and Deanna Stocker to go to Camp Don Harrington on June 1. It was decided that the club would pay half of the expenses.

It was also decided to have a bake sale at Taylor & Sons and Bellah's if arrangements could be made to have it on Saturday, May 28. The money raised would go to send Betty Friemel, Betty Hoffman, Mary Buecker and Shirley Albracht to College Station on June 8. Chairmen of the sale are Mary Buecker and Betty Friemel.

Mrs. Hoffman then gave a demonstration on shrub identification.

SEVEN WOMEN SERVE 235 SUM YEARS IN CHURCH WORK

The Joyce Hill Circle of the Woman's Society of Christian Service of the First Methodist Church met in the home of Mrs. Otis Parker Tuesday morning, May 17, to honor the women of the Woman's Wesley Bible Class for their many years of faithful service to the Canyon Methodist Church. The Naomi Hare Circle was also guests.

Mrs. Art Roberts had charge of the following program: "Faith of Our Mothers" was sung by all; Mrs. K. E. Hines pinned gold ribbons on each of the honored guests as she told how long she had been a member of the Canyon Methodist Church.

Honored guests were Mrs. J. A. Wiseman, 45 years; Mrs. J. L. Moore, 9; Miss M. Moss Richardson, 34; Mrs. I. C. Jenkins, 50; Mrs. E. C. Penick, 28; Mrs. R. E. Foster, 43; Mrs. A. W. Sternenberg, 26; making a total of 235 years of faithful service rendered by the seven members.

The group then read responsively "The Christian Home" followed by Miss Richardson leading in prayer. Mrs. T. V. Crounse reviewed the Book of Ruth as a perfect tribute to the women. "Bless Be the Tie That Binds" was sung by all. The meeting closed with the group repeating "The Lord's Prayer."

The honored women were then served refreshments from a beautiful table setting with Mrs. Alfred Bellah, incoming president of the WSCS, presiding.

The home of Mrs. Parker was decorated with beautiful spring flowers.

Twenty-seven women were present.

PLEASANT-JO 4-H REPORT

Pleasant-Jo 4-H Club met Tuesday, May 17, after school in the home of Janie Meyer with Patsy Robinson presiding.

Mrs. A. B. Haynes, Jr., adult leader, demonstrated how to make apricot whip.

Refreshments of cupcakes and Cokes were served to Patsy Robinson Robinson, Sharon Cranmer, Janie Meyer, Junell Bauer, Wanda Bourn, Elizabeth Haynes, members, and Mesdames Haynes and Erwin Meyer.

Mr. and Mrs. C. W. Samples left Saturday for Alice and Corpus Christi to visit with their children, Mr. and Mrs. Paul Aldridge, Gary and Nancy; and Mr. and Mrs. Curtis Samples and daughter, Pamela.

Absence of Will State May Get Your Property

Made your will? If not, the State of Texas may wind up as owner of your estate upon your death. Under our statutes, the estates of persons having no heirs who die intestate revert, or "escheat," to the state.

Such provisions have been carried over from the English common law. There, under such circumstances, the estate escheated to the British crown. The theory of the process is that the sovereign (or State), having been the original owner of all lands before they were parceled out to individuals, is entitled to a return of such lands when the possibilities of legal inheritance have been exhausted.

This idea has been expanded to include personal property as well as real estate. It also applies in the case of a person absent for a term of seven years and not known to exist who leaves no heirs and no will.

Presumably, there is hardly a person who does not have some individual or charity that he would prefer to have his estate, rather than have it go to the State by default, so to speak. Yet, surprisingly, estates worth many thousands of dollars do escheat to the various states from time to time.

Now, before you shrug the matter off with the idea that these statutory provisions could not possibly apply to you, better think a minute. Suppose you and your spouse have no heirs besides each other and your children. Many people do fall into this category.

In event of a catastrophe resulting in death for you and your entire immediate family, no legal heirs would remain. Therefore if you had no will, your property would go to the State. In preparing a will, it is possible to provide for such an eventuality.

In this hypothetical case, you would probably want to designate some friend as executor, to take care of all necessary arrangements and then distribute the estate according to your wishes.

On the other hand, if you have plenty of possible heirs, a will could be used to designate which of them shall participate in the division of the estate. And even if you wish your property to be distributed entirely in accordance with our statutes of descent and distribution as explained in previous columns, a will can perform useful functions. Among other uses, a will could provide for an orderly and economical partition of your property, preventing any waste of the assets by heirs impatient for a settlement.

What happens to property which escheats to the State? Following certain required legal formalities and court proceedings, all escheated lands are set apart to the Permanent Free School Fund of the State, and may be leased and sold by the Land Commissioner under certain regulations. Escheated personal property is sold by the local sheriff under a court writ and the money received therefrom paid into the State Treasury.

Water Supply Must Be Safe

AUSTIN: One of the most important factors contributing to the well-being of summer vacationists is a safe and healthful water supply. Contaminated water is the annual cause of much sickness and many fatalities. Water from sources not known to be safe should never be used to supply vacation needs.

Dr. Henry A. Holle, Commissioner of Health, stated this week that most municipal water supplies in Texas are periodically inspected and samples submitted to the State Health Laboratory for examination. He advised that it is always best, when in doubt, to endeavor to secure water from a municipal supply.

"Families away from home on picnics, excursions, or vacation trips," Dr. Holle said, "should either ascertain that their water supply is safe or they should make it safe for human consumption. Water can be rendered safe by boiling for 15 minutes or by the addition of chlorine. A few drops of ordinary chlorine laundry bleaches can be added to a gallon of clear water and if the water is allowed to stand for 15 minutes it may be used for drinking."

If drinking water is obtained from a private well, Dr. Holle advised vacationists to look for these protective features: a well-site protected from flooding with good drainage, and a concrete platform surrounding the pump. The pump itself should be securely mounted on the platform, should have a rod that enters the top through packing, and should have a turned-down spout. Contaminated water is usually found in wells with open wood platforms, pits underneath the pump, openings where the pump rod enters the pump, and in pumps that require priming to operate.

DINNER CLUB MEETS IN WHEALY HOME WEDNESDAY

On Wednesday evening the Dinner Club met with Dr. and Mrs. Roger Whealy.

Mrs. Jerry Newman and Dr. R. P. Jarrett were high score winners.

Members attending were Mr. and Mrs. Otis Parker, Mr. and Mrs. M. J. Newman, Mr. and Mrs. Larry Holman, Mr. and Mrs. Hosea Foster, Mr. and Mrs. Robert Jarrett, Mr. and Mrs. Milton Morris, and Mr. and Mrs. Borden Price were guests.

Among the Presbyterian delegates to the Presbyterian Men's Council last week in Los Angeles was R. C. Hillier, father of Charles Hillier. He represented the First Presbyterian Church of Amarillo. Roy Byrd, Jr., represented the Canyon Presbyterian Church.

RAY BURRUS of Canyon, student in West Texas State, set a new high record for both the shot put and discus in the Border Conference Track and Field meet. Burrus scored 10 points, the only points made by the West Texas team for the meet.

Burrus Breaks Field Records In Loop Meet

Eight new records were established in the annual Border Conference Track and Field Meet at Tempe, Ariz., two of them were authored by Ray Burrus, West Texas State one-man gang.

The husky 235-pound junior broke the old record in the discus throw and shot put as he repeated last year's triumphs in those events.

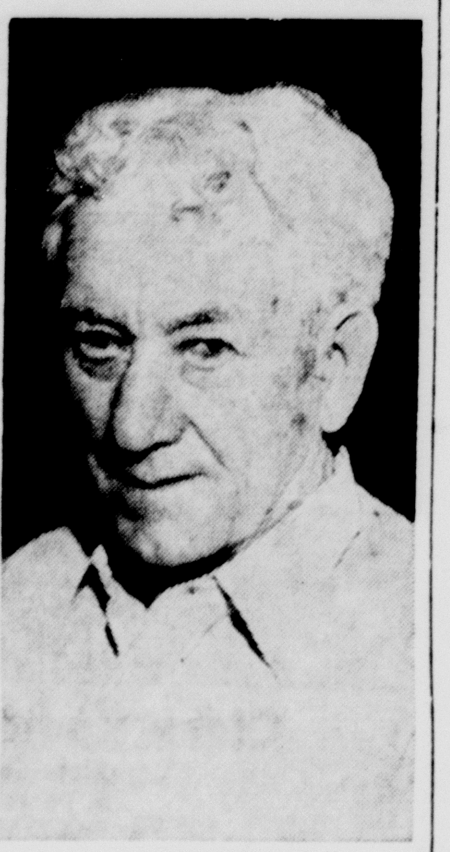
In the preliminaries, Burrus tossed the discus 162 feet, 11⅛ inches. He easily surpassed the old mark of 155 feet, 9½ inches, recorded by Ed Putnam of Arizona State in 1952.

The West Texas weight star also erased Putnam's record in the shot put. On his last throw, Burrus tossed the shot 51 feet 5⅝ inches to top the old record of 50 feet, 10⅛ inches.

Burrus' two triumphs gave West Texas 10 points and fourth place in the meet. The championship was won by Arizona State with 65¼ points, next came Arizona, 62¾; Texas Tech, 18; West Texas, 10; Hardin-Simmons, 5, and Texas Western, 4.

None of the other six West Texas entrants could muster another point for the West Texas cause. However the mile relay team, expected to place, was crippled when Ron Mills, No. 1 man, was unable to run. He came up with a bad leg on the day of the meet.

Brotherton To Retire July 1 From WT Staff



H. A. BROTHERTON

H. A. Brotherton, one of the most familiar and respected figures on the WTSC campus, is retiring July 1.

Mr. Brotherton has been employed at WT since September 15, 1945, and has been chief custodian since 1953. He will take charge of custodian duties at the recently completed Canyon Grade School after leaving WT.

Before coming to West Texas State, Mr. Brotherton lived for three years in Portales, New Mexico. He was born near Federal, Tenn., in 1884, and spent his early years there.

Since coming to WT, Mr. Brotherton has seen many changes take place on the campus. New dormitories have been built. A new library, field house, and student union building have been erected.

The first duty that Mr. Brotherton was given was taking care of the grounds. He transferred to the Science Building, and was later placed in charge of the power house. In 1953 he was put in charge of all janitorial duties.

News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of May 22, 1930)

Cornerstone for the new Christian Church building will be laid Sunday with appropriate services.

Davie Thomas, pioneer, died following a lingering illness.

Canyon set an exceedingly high record of high school graduates this year with 105 students receiving their diplomas. This is probably a state high record.

Umbarger defeated Canyon in baseball Sunday, 7 to 6.

Dr. J. A. Hill has been called upon to speak at the high school closing exercises of the following schools: Canadian, Hereford, Dimmitt, Tulia, Vernon and Quanah.

JUST CAN'T DRIVE

Pequannock, N. J. — Miss Berit Tveit, 23-year-old photographer's model, was learning to drive a car, she thought. However, the task proved rather difficult for her—she lost control and banged into three parked autos. She, her companion, Miss Nancy Glover, 19, and the four persons sitting in the parked cars in front of a doctor's office, were injured.

FROM START TO FINISH . . .

You're ahead with GAS

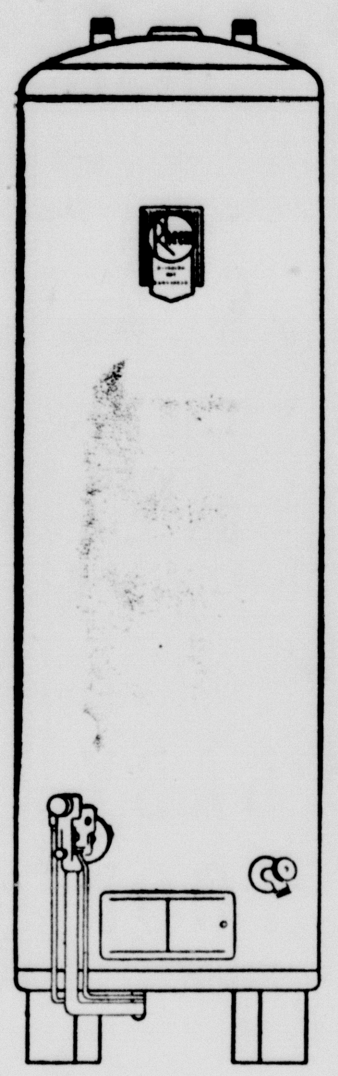
Gas Water Heaters
. . . cost less to buy
. . . cost less to install
. . . cost less to maintain
. . . cost less to operate

Speed is essential to modern clothes washing! With many automatic washing machines using up to 20 gallons of hot water per washer load, it is important that you have a water heater that will keep up with this demand. Check the sizing chart below and call your plumber or gas appliance dealer and ask him to install an automatic Gas water heater sized to the needs of your family.

MINIMUM RECOMMENDATIONS FOR NORMAL HOT WATER REQUIREMENTS

Number Bathrooms	Number Bedrooms	Storage Cap'y. Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

NOTE: USE NEXT LARGER SIZE WITH AUTOMATIC CLOTHES WASHER OR AUTOMATIC DISHWASHER.



Illustrated above is a Rheem automatic Gas water heater. The Rheem Coppermatic tank is made of a rustproof, corrosion-resistant copper.

Only GAS heats water 3 times faster

PERSHING CAR BOUGHT

Angiers, France. — "Paquerette" the 39-year-old car which General John J. Pershing used during World War I, was recently bought by Dan Parker, 39-year-old scion of the fountain-pen family. "Paquerette" — French for "Daisy" —was the name given the General's 12-horsepower Dodge by soldiers of the American Expeditionary Corps in 1916. The car will be shipped to this country by Parker, who has not disclosed what he plans to do with it.

BROWN SNOW

Alta, Utah. — Residents were startled when chocolate-colored snow began falling at this ski resort recently. The coloring was blamed on alkali dust in the air, swept into the skies by winds blowing over the salt flats west of here. It went up with the wind, and came down with the snow, weather experts explained.

VACATION TIME is almost here

Let us prepare your car for the occasion.

To assure you of a care-free trip — and for the summer drives, we will check your brakes, points, fan belt, pack front wheels, check exhaust system, radiator and tune motor.

We will give your car the attention as if it was our own — all this for a VERY REASONABLE AMOUNT.

Less Friction with Trop-Artic Motor Oil!

In the experiment below, the slide on the left is coated with ordinary motor oil, while the one on the right is coated with TROP-ARTIC All-Weather Oil. When two steel blocks are dropped on the two slides at exactly the same time, the one on the right slips down nearly twice as fast as the one on the left. The reason is: *less friction* with TROP-ARTIC oil.

FRICTION SLOWS YOU DOWN WHEN YOU USE ORDINARY OIL
NEW TROP-ARTIC OIL KEEPS FRICTION LOW

IT'S PERFORMANCE THAT COUNTS!

New Phillips 66 TROP-ARTIC reduces friction far more effectively than any ordinary oil. By reducing friction, it extends gasoline mileage. And it can reduce *wear*, even to the extent of doubling the life of an engine. It can cut oil consumption 15% to 45%. It keeps pistons cleaner. New TROP-ARTIC is the *first* all-weather type motor oil to meet the highest standard ever established for automobile motor oils, the Mil-0-2104 Supplement 1 Test. Get TROP-ARTIC from your Phillips 66 Dealer.
